Sir,—The Lords Commissioners of His Majesty's Treasury
have had before them Mr. Graham's letter of the 27th Septem-
ber (No. 33321/06) enclosing by direction of the Secretary of
State for the Colonies a copy of a Resolution of the Cape
House of Assembly in opposition to the levy of British
Income Tax on the profits of the South African Companies
whose seat of direction is in the United Kingdom.

In reply their Lordships direct me to express their regret
that they cannot entertain any proposal for the fundamental
alteration of the principles of the Income Tax law of this
country such as would be required to give effect to the wishes
of the Cape Assembly.

My Lords note the statement in the despatch from the
Governor of the Cape Colony that the question is likely to
be brought up for discussion at the Colonial Conference.

Portion of the old road to be closed.—That portion of the present road leading from Adelaide towards Winterberg, from a point on the Outspan where the new deviation turns out, about 860 lin. yards North-west of Levey's Hotel, thence traversing the said Outspan in a North-westerly direction (parallel to and on West side of Ravine), crossing the South boundary of the farm "Rietfontein," and continuing in a like direction to the top of the ridge known as Bush Nek, thence turning Easterly to the point where the said new deviation again joins the old road, about 470 lin. yards South-west of the boundary fence of "Rietfontein" and "Baviaans-Krans." A total length of about 1 mile 807 lin. yards.

Deviation No. 1.—The new deviation commences at a point on the Adelaide-Winterberg Road, on the Outspan as above described about 800 yards North-west of "Levey's Hotel," on the West side of the Ravine, thence traversing the said Outspan in a Northerly direction for a distance of about 100 yards, turning Eastwards, crossing the Ravine, and continuing on the East side of same in an Easterly and North-westerly direction over the Outspan, turning South-westerly, West, North, and North-westerly, crossing the Southern boundary of the farm "Rietfontein," and traversing that farm in a North-westerly direction to near the top of Ridge known as "Bush Nek," thence Westerly through the new cutting and turning Eastwards to the point where it again joins the present road, about 980 yards North-west of the Southern beacon of the farm "Baviaans-Krans." A total length of approximately 2 miles 204 lin. yards.

Portion of old road to be closed.—That portion of the present Adelaide-Winterberg Road, from the point where the below deviation branches off at the South-east beacon of the farm "Rietfontein" to the point, above described, where the deviation again merges into the present road, about 100 yards West of the gate in boundary fence of the Outspan and Farm "Macomo's Kraal," or "Ellington."

EDWARD THE SEVENTH, by the Grace of God, of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India.

To the Sheriff of the Colony of the Cape of Good Hope, or his lawful Deputy.

GREETING!

WHEREAS upon the Petition of SIEGMUND LOMNITZ, JOHN WILLIAM WRIGHT, JOSEPH LOMNITZ and BENJAMIN LOMNITZ, trading together at Hope Town under the style or firm of "Lilienfeld Brothers," it appears to us that KARL RIEL, recently of Houtkraal Station, in the Division of Philipstown, is truly and justly indebted to the said Petitioners in the sum of one thousand four hundred and ninety-seven pounds thirteen shillings and sevenpence (£1,497 13s. 7d.) sterling, being as and for the balance of an account rendered for goods sold and delivered to the Defendant by the said Plaintiffs at his special instance and request.

And whereas it further appears to Us that the said Defendant has clandestinely left his place of residence, and departed from this Colony in or about the month of October, 1905, and that he has made no provision for the payment of your Petitioners' debt or any part thereof; also that the said Defendant had left his place of residence, and departed from this Colony with the intent to defeat or delay the said Petitioners and other Creditors in obtaining payment of their Debts, and that in consequence thereof the said Defendant had committed an Act of Insolvency.

Whereupon the Petitioners pray that the Estate of the said KARL RIEL might be sequestrated for the benefit of his Creditors.

And whereas it further appears to Us of record that Mr. Justice Hopley, one of Our Justices of the Supreme Court of Our said Colony, did by an Order under his hand, bearing date the 29th day of December, 1906, place the Estate of the said KARL RIEL under sequestration in the hands of the Master of the Supreme Court until the same should thereafter be adjudged to be sequestrated.

Now, therefore, We command you that you summon the said KARL RIEL, formerly of Hout Kraal, Division of Philipstown, that he appear before Our Judges of Our Supreme Court of Our said Colony at Cape Town, on Thursday, the 21st day of February, 1907, at 10.30 o'clock in the forenoon, to show cause, if any, why his Estate should not by sentence of the said Supreme Court be adjudged to be sequestrated for the benefit of his Creditors; and serve on the said Defendant a copy of this Summons, and return you the Summons immediately after the service thereof with whatsoever you have done thereupon.

Schedule.

The Divisional Council of Cradock.

[12.]

Office of the Director of Agriculture,
Cape Town, 7th January, 1907.

IT is hereby notified for general information that from
and after this date the Government will institute, at
the Cape Town Docks, on the subjoined conditions, a
system of inspection of fruit intended for export.

It has been arranged that such inspection shall be carried
out personally by Mr. R. J. BULMER or Mr. A. C. BULLER,
or both. Exporters may be present at the inspection of
their fruit.

Conditions.

1. Each intending exporter of fruit who wishes to avail
himself of inspection by a Government officer (hereafter
called the Inspector) at the Cape Town Docks, of all fruit
which he proposes to export, must previously intimate to
the Director of Agriculture, Cape Town, that he desires to
do so, and accepts these conditions, stating at the same
time the distinctive mark which he will place on his fruit
boxes, whereupon he will be informed that his name and
address and distinctive mark have been registered, and his
fruit will be accepted, from and after a stipulated date,
by the Inspector for examination prior to shipment.

2. Any registered exporter of fruit who thereafter may
wish to withdraw from such inspection can do so upon
giving to the Director of Agriculture, Cape Town, seven
clear days' notice of such intention.

3. Every box of fruit considered by the Inspector as
suitable for export will be branded by him with the Cape
of Good Hope Coat of Arms encircled by the words
"Passed by Government Inspector," and for each consignment
examined by him a charge at the rate of 1/6 per 40
cubic feet (less than 1/2d. per box) will be made to the
exporter.

4. The disposal of boxes of fruit not passed and branded
by the Inspector in terms of Condition 3, and for that
reason desired not to be exported, must be arranged by the
exporter with the Harbour Board. (Any fruit not passed
by the Inspector and belonging to an exporter who has not
indicated to the Harbour Board what steps he wishes to
have taken with regard to such fruit, will be shipped to
England without the Government brand.)

5. Every registered exporter must pay to the Harbour
Board the charges for cold storage and make his own
arrangements for the disposal of his fruit in Europe.

6. The size of box in which fruit is packed for export
must be, for all classes of fruit, either 18 by 12 inches or
18 by 24 inches, the depth being optional.

7. Every box of fruit submitted for inspection

(a) Must be clearly marked, *on one end thereof*, with
the registered mark of the exporter, or his name or
other means of identification, and, except in the case
of grapes, with the grade (either "extra selected"
or "selected"), the variety and the number of
fruits contained therein.

(b) Must be consigned to The Dock Superintendent, Cape
Town, and also bear the address of the agent
appointed by him for disposal of his fruit in Europe.

8. All fruit, other than grapes, *must* be wrapped in
tissue paper and *may* in addition be placed in wood wool.
Grapes *must* be placed in wood wool and *may* also be
wrapped in tissue paper.

9. All fruit, other than grapes, must be divided into two
grades, namely "extra selected" and "selected," but no
second rate fruit can be marked "selected."

10. All fruit must be of first rate quality, free from all
blemishes affecting the appearance of the fruit, evenly
graded and uniform in size, of the characteristic shape of
its variety; and only one variety of fruit must be placed
in a single box. Any box containing fruit which fails in
any of these requirements or is of a variety specified here-
under as unsuitable for export will not receive the Govern-
ment brand.

11. All fruit must arrive at the Harbour Board Cold
Storage, Docks, Cape Town, not later than Sunday morn-
ing to permit of shipment by the steamer sailing on the
following Wednesday, unless special arrangements have
been made with the Union-Castle Steamship Company
regarding cold storage by the exporter elsewhere than at
the Docks; in which latter event the fruit must arrive at
the Harbour Board Cold Storage in time for inspection,
and must be accompanied by a certificate that it has been
in cold storage for 48 hours prior to forwarding, and has
been forwarded to the Harbour Board Cold Storage in
refrigerator car.

12. The under-mentioned are the minimum sizes of fruit
which can be submitted for inspection as "extra selected"
and "selected" respectively, and the varieties which will
not receive the Government brand. Owing to shrinkage
it is recommended that all stone-fruits be graded $\frac{1}{8}$ inch
larger than the sizes mentioned.

No minimum size is fixed but the fruit must not be
small.

6. MINISTERIAL DIVISION OF SECRETARY FOR AGRICULTURE.

[12.*]

[1907.]

Office of the Director of Agriculture,
Cape Town, 7th January, 1907.

IT is hereby notified for general information that from and after this date the Government will institute, at the Cape Town Docks, on the subjoined conditions, a system of inspection of fruit intended for export.

It has been arranged that such inspection shall be carried out personally by Mr. R. J. BULMER or Mr. A. C. BULLER, or both. Exporters may be present at the inspection of their fruit.

Conditions.

1. Each intending exporter of fruit who wishes to avail himself of inspection by a Government officer (hereafter called the Inspector) at the Cape Town Docks, of all fruit which he proposes to export, must previously intimate to the Director of Agriculture, Cape Town, that he desires to do so, and accepts these conditions, stating at the same time the distinctive mark which he will place on his fruit boxes, whereupon he will be informed that his name and address and distinctive mark have been registered, and his fruit will be accepted, from and after a stipulated date, by the Inspector for examination prior to shipment.

2. Any registered exporter of fruit who thereafter may wish to withdraw from such inspection can do so upon giving to the Director of Agriculture, Cape Town, seven clear days' notice of such intention.

3. Every box of fruit considered by the Inspector as suitable for export will be branded by him with the Cape of Good Hope Coat of Arms encircled by the words "Passed by Government Inspector," and for each consignment examined by him a charge at the rate of 1/6 per 40 cubic feet (less than 1/2 d. per box) will be made to the exporter.

4. The disposal of boxes of fruit not passed and branded by the Inspector in terms of Condition 3, and for that reason desired not to be exported, must be arranged by the exporter with the Harbour Board. (Any fruit not passed by the Inspector and belonging to an exporter who has not indicated to the Harbour Board what steps he wishes to have taken with regard to such fruit, will be shipped to England without the Government brand.)

5. Every registered exporter must pay to the Harbour Board the charges for cold storage and make his own arrangements for the disposal of his fruit in Europe.

6. The size of box in which fruit is packed for export must be, for all classes of fruit, either 18 by 12 inches or 18 by 24 inches, the depth being optional.

7. Every box of fruit submitted for inspection

(a) Must be clearly marked, *on one end thereof*, with the registered mark of the exporter, or his name or other means of identification, and, except in the case of grapes, with the grade (either "extra selected" or "selected"), the variety and the number of fruits contained therein.

(b) Must be consigned to The Dock Superintendent, Cape Town, and also bear the address of the agent appointed by him for disposal of his fruit in Europe.

8. All fruit, other than grapes, must be wrapped in tissue paper and may in addition be placed in wood wool. Grapes must be placed in wood wool and may also be wrapped in tissue paper.

9. All fruit, other than grapes, must be divided into two grades, namely "extra selected" and "selected," but no second rate fruit can be marked "selected."

10. All fruit must be of first rate quality, free from all blemishes affecting the appearance of the fruit, evenly graded and uniform in size, of the characteristic shape of its variety; and only one variety of fruit must be placed in a single box. Any box containing fruit which fails in any of these requirements or is of a variety specified hereunder as unsuitable for export will not receive the Government brand.

11. All fruit must arrive at the Harbour Board Cold Storage, Docks, Cape Town, not later than Sunday morning to permit of shipment by the steamer sailing on the following Wednesday, unless special arrangements have been made with the Union-Castle Steamship Company regarding cold storage by the exporter elsewhere than at the Docks; in which latter event the fruit must arrive at the Harbour Board Cold Storage in time for inspection, and must be accompanied by a certificate that it has been in cold storage for 48 hours prior to forwarding, and has been forwarded to the Harbour Board Cold Storage in refrigerator car.

12. The under-mentioned are the minimum sizes of fruit which can be submitted for inspection as "extra selected" and "selected" respectively, and the varieties which will not receive the Government brand. Owing to shrinkage it is recommended that all stone-fruits be graded 1/4 inch larger than the sizes mentioned.

Apples.

No minimum size is fixed but the fruit must not be small.

Varieties ripening prior to Ribstone and Jonathan will not receive the Government brand.

Kaapstad, 31 October, 1906.

OVEREENKOMSTIG artikel 4, Wet 26 van 1891, als verder bekrachtigd door Wet 18 van 1897, wordt hiermede kennis gegeven dat de volgende stukken Kroonland, zijnde plaatsen gereserveerd voor besproeiingsdoeleinden, gelegen in de Afdeeling Kenhardt, bij publieke opbod, te huur aangeboden worden zullen voor het kantoor van den Civielen Commissaris te Kenhardt, om 10 uur 's voormiddags, op Vrijdag, den 18 Januari 1907, onderhevig aan de Voorwaarden en Bepalingen hierna te worden genoemd, en verder aan zulke condities als op den verkoopdag mogen vermeld worden.

De grond zal voor een termijn van niet minder dan een jaar en niet meer dan vijf jaren aan den hoogsten bieder verpacht worden.

De algemeene voorwaarden van de verpachting zijn als volgt:—

1. Een jaar huur zal den Civielen Commissaris op den dag der verpachting betaald worden, en als de pacht-tijd meer dan een jaar zal zijn, zal de gereedelijke betaling van de huursom vooruit voor het volgende jaar of de volgende jaren door goedgekeurde borgen verzekerd worden: mits echter dat de Civiele Commissaris twee jaar huur vooruit mag ontvangen, in welk geval genoemde borgstelling niet noodig is.

2. De Regeering behoudt het recht de pacht te eindigen, mocht het dienstig geacht worden den grond te verkoopen of andere omstandigheden het te eeniger tijd noodig of dienstig maken, op twee maanden kennisgeving; en in zulk een geval zal de huur, betaald voor een nog niet afgelopen deel van het loopende jaar, aan den huurder terugbetaald worden.

3. Gouvernements landmeters, bezig met het opmeten van Kroon of anderen grond met hunne assistenten en bedienden, zullen ter alle tijde recht van toegang hebben, tot alle deelen van den verhuurden grond voor professionele doeleinden en het recht om eenig deel van het land te gebruiken en hun vee en paarden te weiden op alle weiden en water te geven uit alle waters.

4. Alle wegen over het gepachte land mogen door het publiek als vee paden (trekpaden) worden gebruikt ter breedte van 200 yards aan iederen kant van zoodanigen weg.

5. Het reizende publiek zal het recht hebben uit te spannen langs eenigen weg loopende over land aldus gepacht.

6. Het recht om te zoeken en graven naar erts, metalen, delfstoffen, of edelgesteenten is aan de Regeering of aan alle door haar gemachtigde personen voorbehouden, behalve in zoo ver als zulk recht de rechten en privilegien van gezegde huurders ten opzichte van edelgesteenten en delfstoffen moge beperken, als bepaald bij eenige wet te dien opzichte.

7. De Regeering neemt niet op zich eenige baken aan te wijzen. De beschrijving van het stuk grond zal op den pachttag gegeven worden, en de huurder zal daarop verwacht worden de uitgestrektheid van het door hem gehuurde land te vinden.

8. De pachter heeft geen vrijheid boomen kreupel hout of rijshout te hakken of te vernietigen op het gepachte land behalve zoo veel als hij redelijk noodig heeft voor eigen gebruik.

6. MINISTERIEELE AFDEELING VAN SECRETARIS VOOR LANDBOUW.

9. De huurder zal bij het vervallen of anderszins eindigen van den huur, geen aanspraak hebben op eenige vergoeding voor verbeteringen aangebracht gedurende den huurtijd, maar deze zullen het eigendom der Regeering worden.

10. De huurder zal alle bestaande verbeteringen op den grond gedurende den huurtijd in goeden staat moeten houden en die in goeden staat afleveren, maar zal niet gerechtigd zijn tot eenige vergoeding daarvoor.

11. De huurder zal den grond of eenig deel daarvan niet onder verhuren, of eenige gebouwen daarop, zonder dat eerst de schriftelijke vergunning der Regeering verkregen is.

12. De huurder zal zijn pacht geheel en volstrekt verliezen op het breken van eenige hem bindende voorwaarden.

13. De Regeering behoudt zichzelve het recht voor om het aantal personen te beperken, die op den hierbij verhuurden grond mogen wonen gedurende het bestaan van de pacht, en om, op aanbeveling van den Afdeelingsraad na behoorlijk onderzoek ingesteld met medeweten van den huurder, hetzij zoodanig aantal personen te verwijderen als zij te veel moge oordeelen, of de pacht nietig te verklaren als haar billijk onder de omstandigheden moge voorkomen.

14. Het bewonen van grond onder deze huur zal niet beschouwd worden *bona-fide* occupatie te zijn onder de bepalingen en voor de doeleinden van artikel 20 van Wet No. 40 van 1895.

15. De Pachter zal geen recht hebben om wilde struisvogels te dooden, vangen, jagen of verwonden of de eiers te nemen, weg te halen, of te verstoren behalve onder een licentie uitgegeven onder Wet 33 van 1889 of zoodanige dergelijke Wet.

16. Het Gouvernement behoudt zich het recht wanneer het noodig wordt gevonden, om een Politie Station op te richten op het land mits deze verpacht met vrij grazen en water voor Politie Paarden.

Andere voorwaarden mogen op den koopdag genoemd worden.

De zegels die volgens Wet 20 van 1884, aan het huurkontraakt moeten gehecht worden, zullen vrij van onkosten door de Regeering aan den huurder verschaft worden.

No. 36, 1907.

Schedule.

Regulations for the nomination, election and constitution of School Boards in portions of the Colony where no Fiscal Divisions exist, and for the provision of funds to meet deficiencies in the Annual Accounts of such School Boards.

(Framed in accordance with Sections 26 and 75 of the School Board Act, No. 35 of 1905, and Sections 3 and 4 of the School Board Act Amendment Act, No. 25 of 1906).

1. The Regulations for the election of Members of School Boards (as contained in the Schedule to Proclamation No. 374, dated the 13th day of October, 1906) shall apply, *mutatis mutandis*, to the election of members of School Boards in portions of the Colony where no Fiscal Divisions exist, except in so far as they may be in conflict with any provisions forming part of the regulations hereunder specified.

2. In every Magisterial School District duly constituted as such, in terms of Section 4 of the School Board Act, No. 35 of 1905, in any portion of the Colony where no Fiscal Divisions exist, there shall be framed a property assessment roll to be known as the School Board Ratepayers' Roll containing the names of all persons in the Magisterial School District who would be liable to be rated for Divisional Council purposes in the event of there being a Divisional Council in existence, and showing the value of their rateable property.

3. The duty of framing the School Board Ratepayers' Roll shall rest with the Magistrate of the District, who, within one month of the date of this Proclamation, shall, subject to the approval of the Honourable the Colonial Secretary, appoint a sworn appraiser or some other fit person to frame such roll.

4. As soon as the School Board Ratepayers' Roll aforesaid shall have been completed in any Magisterial School District, it shall lie in the office of the Magistrate, or such other place as the Government may authorise, for the inspection of every owner, occupier or lessee of any property included therein, who may, upon all lawful days, and at reasonable hours, inspect the same and take extracts therefrom, and the Magistrate shall, after the roll has been completed, by notice in the English and Dutch languages in the *Gazette*, announce, for general information, that he will, upon some day and at some hour and place, to be fixed in such notice, hold a Court for the purpose of hearing and determining objections to such Roll: Provided

(a) That such notice shall be published in the *Gazette* for not less than three weeks before the day appointed therein for the holding of such Court.

(b) That the same or a similar notice shall be advertised in at least one newspaper which may be published, or which may circulate within such District, and shall be posted at or near the Court-house of every Resident Magistrate's Court, situated within such District, and at such other conspicuous place within such District as the Magistrate shall think fit; and the Magistrate shall adopt such other means of giving publicity to such notices as circumstances shall permit.

Upon the day and at the place mentioned in such notice, the Magistrate shall hold a Court and shall hear all objections to the Roll which may be urged and his decision on all such objections at the said Court shall be final.

5. The School Board Ratepayers' Roll of every Magisterial School District shall be revised annually in January at a Court to be held by the Magistrate for the purpose of such revision and, to ensure the compilation of a properly completed Roll, the Magistrate shall follow the same procedure in respect thereof as was adopted on the occasion of the preparation of the first Roll.

6. Any female over the age of 21 who possesses landed property which would be liable to be rated for Divisional Council purposes, shall be entitled to obtain from any Magistrate a certificate free of charge, signed by the said Magistrate, shewing that the said property is situate within any Ward in the District under the jurisdiction of the Magistrate applied to, and on production of such certificate, which shall be retained by the polling officer, any polling officer shall allow the said female to vote at an election for School Board members if he is satisfied that the property so certified to is situate within the Ward for which such polling officer is conducting the election and that the said female is personally occupying the said property.

7. In case of a deficiency in the accounts of any duly constituted School Board, the local rate to provide for the one-half of such deficiency, in terms of Section 72 of the School Board Act, No. 35 of 1905, shall, in cases where the School District is not a Municipal one, be a rate levied by the Magistrate in accordance with Section 73 of the said Act upon persons whose names appear on the School Board Ratepayers' Roll hereinbefore referred to. The expense of levying such rate shall be charged against the amount so collected, and any balance in hand after meeting the deficiency shall be retained by the Magistrate against future requirements of the School Board.

8. Where the moiety of the deficiency to be provided for out of local rates in any School District does not exceed the sum of Fifty Pounds Sterling (£50), it shall be lawful for the Magistrate to postpone levying the rate referred to in the preceding Sections, until such moiety of the deficiency shall amount to a sum of £50 and it shall be lawful for an advance to be made meanwhile by the Department of Public Education to the amount of such moiety, and such advance shall be repaid from the rate when levied.

5. MINISTERIAL DIVISION OF COMMISSIONER OF PUBLIC WORKS.

[17.]

[1907.]

Office of the Commissioner of Public Works.
Cape Town, 15th January, 1907.

RAILWAY REBATE ON OIL USED AS FUEL FOR IRRIGATION PURPOSES.

THE subjoined memorandum relating to a proposed rebate on carriage over the Cape Government Railways, of oil used as fuel for irrigation purposes is published for general information.

The Commissioner of Public Works will be glad to consider suggestions on this subject from practical irrigators and others interested.

LEWIS MANSENGH,
Secretary for Public Works.

I.

As it is evident that the use of oil engines for pumping purposes in connection with Irrigation is likely to be largely extended and as it is believed that in many portions of the Colony this method of work has great future possibilities, the Commissioner of Public Works has under consideration proposals for fixing a special rate on the Cape Government Railways, for the carriage of oil to be used solely as fuel in connection with irrigation in the Cape Colony. Arrangements of this character are provided for in Section 111 of the Irrigation Act, No. 32 of 1906.

This would appear to be a convenient opportunity for removing some misapprehension which has existed in the past in respect to the operations of P.W.D. Notice No. 949 of 1904 and Railway Department Notice No. 2 of 1906.

II.

(1) *Rebate on materials.*—P.W.D. Notice No. 949 of 1904.

At the present time, under Public Works Department Notice No. 949 of 1904, a rebate is obtainable on the carriage of *Materials* such as cement, water pipes, valves, sluice-gates, etc., when required for irrigation purposes, and upon such other materials as may in the discretion of the Government be admitted from time to time as necessary for the construction or enlargement of irrigation works.

Rebate is granted upon certain conditions which include a sworn statement from the farm owner to the effect that the articles embraced by the application for rebate have been *actually embodied* in a certain work; and, is the difference between the South African produce rates (classified C) and the normal or ordinary Cape Government Railway rates for the particular articles in question as specified from time to time in the Railway Tariff Book.

Applications for this rebate should be addressed to the Secretary for Public Works.

(2) *Rebate on Plant and Machinery.*—Railway Notice No. 2 of 1906.

The Railway Notice No. 2 of 1906 (see also Clause 90, page 32 of the Tariff Book) applies only to the conveyance of *Irrigation Machinery and Plant*, and is granted only when the consignment is accompanied by a declaration from the consignor or ultimate consignee as the case may be, that the *machinery or plant* is *actually to be used* for irrigation purposes in the Cape Colony or in Rhodesia.

On such declaration being made the rate charged for the conveyance over the Cape Government Railways is the "2d. Rate" for imported articles, and "3rd class" for articles of South African manufacture.

The prescribed declarations should be handed in to the local Traffic Manager at the point of consignment.

5. MINISTERIAL DIVISION OF COMMISSIONER OF PUBLIC WORKS.

III.

To the foregoing concessions for the encouragement of Irrigation it is now proposed to add a special rate for the carriage of oil for use in the Cape Colony, and the procedure proposed is that the Railway Department shall in the first instance carry consignments at the ordinary normal 3rd Class rate, provided that each such consignment is accompanied by a Declaration from the Consignor or Consignee in terms of the subjoined form A.

Subsequently, rebate of one-half of the rate paid will be made to the consignee upon submission of a certificate (see subjoined Form B), and upon such other evidence as the Commissioner of Public Works may require, that the oil has been actually consumed solely as fuel for purposes of irrigation.

As the first step towards the introduction of this system of rebate a list will be compiled of all landowners and irrigators using oil engines for the raising of water applied to purposes which legitimately constitute irrigation of land for farming purposes.

Registration upon this list will be contingent upon compliance with such conditions as the Commissioner of Public Works may define, after investigation of the facts of each case through the Civil Commissioner of the Division or by other means.

Persons desiring to be so registered should communicate with the Civil Commissioner of their Division and furnish particulars (as shewn on Form C subjoined) as to the class, and power of any oil engine, in respect to which application may be made; as to the number of morgen of land estimated to be irrigated by means of such engine; and other details as indicated.

Upon this information an estimate will be compiled of the quantity of oil likely to be consumed annually by each engine, and for this quantity each engine-owner will be registered and will be entitled to claim rebate of railway carriage under such Regulations as may be issued from time to time.

All applications for rebate must be supported by the Railway receipts for the amount of carriage originally paid at the 3rd Class rate on each consignment, and a sworn statement that the oil has actually been used for fuel for the purpose of irrigation.

A.

Declaration of Consignor.

it is hereby notified for general information that the fol-
lowing erven will be offered for sale, by Public Auction,

above Act, and in the General Conditions of Sale set forth,
and further to such Conditions as may be declared on the
day of Sale.

No individual or company shall be allowed to purchase
more than two (2) Building Lots or two (2) Arable Lots,
nor to sell any of the lots so purchased to any one who is
already the holder of two Building Lots or two Arable
Lots.

Each Lot will be put up at the upset price fixed, and
the highest bidder who shall have offered not less than
such upset price shall be declared the purchaser, and every
such purchaser shall have the option of paying either the
whole or a part of the purchase money on the day of
sale: Provided:

- (i) That if no payment be made on the day of sale one-
tenth of the purchase price shall be paid at six and
one-tenth at twelve months from the day of sale.
- (ii) That if less than one-tenth of the purchase price
be paid on the day of sale, the balance of such one-
tenth shall be paid at the expiration of six months,
and the remaining one-tenth at the expiration of
twelve months from the day of sale.
- (iii) That if the amount paid on the day of sale be
one-tenth or any sum between one-tenth and one-
fifth of the purchase price, the balance of one-fifth
of the purchase price shall be paid at the expiration
of twelve months from the day of sale.
- (iv) In cases where the purchase money is less than
twenty-five pounds, the whole amount shall be paid
in cash, or in equal instalments extending over a
period of three years.

Interest on the instalments above mentioned shall be
paid at the rate of four per centum per annum; and the
payment of the instalments, together with the interest
thereon, shall be secured on the day of sale by two good
and sufficient sureties to the satisfaction of the Civil Com-
missioner, which sureties will bind themselves in regard
to such payment as sureties in *solidum* and co-principal
debtors, renouncing the exceptions of excussion and
division.

If the purchaser or his sureties fail, or are unable to

If the purchaser be desirous of holding the balance of the purchase money on mortgage as above, he will be required to pass the bond within thirteen (13) calendar months from the day of sale, failing which, a fine of one shilling will be imposed for every day allowed to pass beyond it, up to eighteen months from the date of sale, after which, should such failure still continue, the balance of the purchase money, with interest thereon, and the amount of the fine, if any, so imposed, shall forthwith become due and payable, and shall be recoverable in any competent court of law without further notice, and if not paid within one month after the date of judgment, the sale shall become null and void, and payments already made in respect thereof shall be forfeited to the Government.

[1906.]

Surveyor-General's Office,
Cape Town, 2nd August, 1906.

AN Examination in the "Practice of Land Surveying" will be held at the respective Offices of the Surveyors-General of Cape Colony, Transvaal and Rhodesia, beginning on the second Monday in March next.

This Examination will be conducted by an Examination Board consisting of the Surveyors-General above-mentioned.

Candidates who have satisfied the Examiners in the subjects covered by the Examination will not be required to pass further tests in those subjects in Cape Colony, Transvaal or Rhodesia, but, before being admitted to practise their profession in any of these Colonies, may be required at the option of the Surveyor-General of that Colony to undergo a further examination in the laws and regulations appertaining to the survey, registration, alienation, and transfer of lands within such Colony.

The examination is divided into two parts. Before being admitted to Part II, every candidate will be required to lodge with the Surveyor-General to whom he makes application, a certificate to the satisfaction of the Board of Examiners that he has had not less than two years' experience in South Africa with a qualified Land Surveyor in the practice of Land Surveying.

Candidates desiring to be admitted to this examination must send in written applications to that effect to the Surveyor-General of either of the three Colonies.

In these applications candidates must state their full names, and must also forward the certificate of the University of the Cape of Good Hope of proficiency in the Theory of Land Surveying; they must further state definitely at which centre (Cape Town, Pretoria or Salisbury) they desire to sit for the examination.

An entrance fee of five guineas (£5 5s. 0d.) is payable in connection with the examination, and must be paid on or before the 15th February, 1907, to the Surveyor-General to whom the application is made.

N.B.—Candidates who have passed Part I. or the whole of the Examination in the "Theory" prior to the date of this Notice, will be permitted to take Part II. of the Examination in the "Practice" in any year up to and including 1909 without having previously served for two years with a Government Land Surveyor, but it must be clearly understood that licences so obtained will not entitle the holders to practise in the Transvaal or Rhodesia. Intending candidates are strongly recommended to pass the full period in gaining experience both in office and field-work with Government Land Surveyors before qualifying.

In future Part II. of the Examination will be held as soon as convenient after Part I. in each year, and must be completed by the 30th June in that year.

Surveyor-General.

NOTICE TO MARINERS.

WALFISH BAY.

MARINERS are cautioned in approaching Walfish Bay,
in thick or foggy weather, not to mistake the
beacons erected by the Naval Authorities on Walfish
Peninsula for the Navigational Beacons.

Six of these Naval Beacons have been erected, situated
as follows:—

North pair of beacons, bearing S. 58 E. when in a line,
and 641 yards apart, the westernmost of these being
situated S. 33 W., 837 yards from Pelican Point Beacon,
and marked with a small circular disc with a horizontal
batten across the centre. The easternmost is marked with a
small diamond with a short yard close under it.

Centre pair, bearing N. 67½ E. when in a line, and 630
yards apart, the westernmost being situated S. 35 W.,
2,000 yards from the easternmost of the North pair of
beacons. Both are marked with a small St. Andrew's
cross.

South pair, bearing S. 58 E. when in a line, and 838
yards apart, the westernmost being situated N. 36½ W., 26
cables from the South Navigational Beacon (which is just
to the West of the entrance to the Lagoon at the head of
the Bay). The westernmost is marked with a small circular
disc, and the easternmost with a small diamond.

DESCRIPTION OF BEACONS.

These six beacons are 34 feet above H.W.O.S., and con-
sist of a centre pole surmounted by a small shape, with a
skeleton tripod built round the base, reaching about one-
third of their height from the ground. As there is no
regular upkeep provided for the beacons, they should not
be relied on for navigational purposes.

All bearings are from Seaward and magnetic, the varia-
tions used being 26° West, as shewn on Admiralty Chart
of Walfish Bay, 1894.

No. 36, 1907.

Regulaties voor de nominatie, verkiezing en oprichting van School Raden in deelen der Kolonie waar geene Fiskale Afdeelingen bestaan, en voor het voorzien van fondsen om te kort in de Jaarlijksche Rekeningen van zoodanige School Raden te dekken.

(Opgemaakt volgens Secties 26 en 75 van de School Raden Wet, No. 35 van 1905, en Secties 3 en 4 van de School Raden Wet Amendement Wet, No. 25 van 1906.)

1. De Regulaties voor de verkiezing van Leden van School Raden (gepubliceerd als een Schedule tot Proclamatie 374, gedateerd 13 October 1906) zullen *mutatis mutandis* toepasselijk zijn op de verkiezing van Leden van Raden in deelen der Kolonie waar er geene Fiskale Afdeelingen zijn, behalve voor zoo ver als zij tegenstrijdig zijn met bepalingen vormende deel dezer Regulaties.

2. In ieder Magistraats School Distrikt behoorlijk als zoodanig opgericht, overeenkomstig Sectie 4 van de School Raden Wet, No. 35 van 1905, in eenig deel der Kolonie waar er geene Fiskale Afdeelingen bestaan, zal eene schattings lijst opgemaakt worden welke bekend zal zijn als de School Raden Belastingbetalers Lijst, en welke de namen van alle personen zal vermelden in het Magistraats School Distrikt die Afdeelingsraad belastingen zouden moeten betalen indien er een Afdeelingsraad bestond en aantoonende de waarde van het belastbaar eigendom.

3. De Magistraat van het distrikt moet de School Raden Belastingbetalers Lijst opmaken, en binnen één maand van den datum dezer Proclamatie, een beëdigde schatter of ander geschikt persoon benoemen, onderworpen aan de goedkeuring van den Edelen den Kolonialen Secretaris, om zoodanige lijst op te maken.

4. Zoodra de School Raden Belastingbetalers Lijst voornoemd klaar zal zijn in een Magistraats School Distrikt, zal zij liggen in het kantoor van den Magistraat, of zoodanige andere plek als de Gouverneur kan gelasten, ter inzage van iederen eigenaar, bewoner of pachter van eigendom daarin opgeschreven, die, op alle wettige dagen en op redelijke uren dezelve mogen inzien en daaruit extrakten maken, en de Magistraat zal, nadat de lijst voltooid is, door kennisgeving in de Engelsche en Hollandsche talen in de *Gazette*, aankondigen ter algemeene inlichting, dat hij op een dag en uur en plek te worden vastgesteld in zoodanige kennisgeving, een Hof zal houden ten einde objecties tegen zoodanige lijst te hooren en te beslissen: Mits

(a) Dat zoodanige kennisgeving gepubliceerd zal worden in de *Gazette* niet minder dan drie weken vóór den dag daarin bepaald voor het houden van zoodanig Hof.

(b) Dat dezelfde of eene soortgelijke kennisgeving gepubliceerd zal worden in minstens eene courant die gepubliceerd wordt of circuleert in zoodanig Distrikt, en aangeplakt zal worden aan of nabij de Hof zaal van ieder Resident Magistraats Hof gelegen binnen zoodanig Distrikt, en op zoodanige andere in het oog vallende plek binnen zoodanig Distrikt als de Magistraat geschikt zal oordeelen; en de Magistraat zal zoodanige andere middelen aannemen om publiciteit te geven aan zoodanige kennisgevingen als omstandigheden zullen toelaten.

Op den dag en de plek bepaald in zoodanige kennisgeving, zal de Magistraat een Hof houden en alle objecties tegen de Lijst hooren die worden ingebracht en zijne uitspraak op al zoodanige objecties bij het genoemde Hof ingezonden zal finaal zijn.

5. De School Raad Belastingbetalers Lijst van ieder Magistraats School Distrikt zal jaarlijks in Januari herzien worden op een Hof te worden gehouden voor dat doel door den Magistraat, en ten einde eene behoorlijke volmaakte lijst te krijgen, zal de Magistraat op de zelfde wijze te werk gaan als werd aangenomen in het geval van de opmaking der eerste Lijst.

6. Iedere vrouw ouder dan 21 jaar die onroerend eigendom bezit dat aan belasting voor Afdeelingsraad doeleinden onderhevig is, is gerechtigd van eenigen Magistraat gratis een certificaat te krijgen, geteekend door zoodanigen Magistraat, aantoonende dat het genoemde eigendom gelegen is binnen eenige Wijk in het Distrikt onder de jurisdictie van den Magistraat bij wien aanvraag is gedaan, en op vertoon van zoodanig certificaat, dat gehouden zal worden door den stemopnemende beambte, zal een stemopnemende beambte genoemde vrouw toelaten te stemmen op eene verkiezing voor School Raad Leden indien hij overtuigd is dat het eigendom aldus geëcertificeerd gelegen is binnen de Wijk waarvoor zoodanige stemopnemende beambte de verkiezing leidt, en dat genoemde vrouw persoonlijk zoodanig eigendom bewoont.

7. In geval van eenig tekort in de rekeningen van een behoorlijk opgerichte School Raad, zal de plaatselijke belasting om voorziening te maken voor de helft van zoodanig tekort, overeenkomstig Artikel 72 van de School Raden Wet No. 35 van 1905, in gevallen waar het School Distrikt geen Municipaal Distrikt is, eene belasting zijn beheven door den Magistraat overeenkomstig Artikel 73 van genoemde Wet op personen wier namen op de hier bovengenoemde School Raad Belastingbetalers Lijst staan. De onkosten van het heffen van zoodanige belasting zullen een last zijn tegen het bedrag aldus ingezameld, en eenige balans in handen na het tekort te hebben betaald zal achtergehouden worden door den Magistraat voor latere benodigdheden van den School Raad.

SPOORWEG RABAT OP OLIE GEBRUIKT ALS BRANDSTOF VOOR BESPROEINGS DOEL- EINDEN.

HET navolgende Memorandum betrekking hebbend op een voorgesteld Rabat op spoorvracht over de Kaapsche Gouvernements Spoorwegen, van olie gebruikt als brandstof voor besproeiings doeleinden wordt ter algemeene kennisname gepubliceerd.

De Commissaris van Openbare Werken zal gaarne over dit onderwerp van praktische besproeiers en andere belanghebbenden ontvangen.

LEWIS MANSEERGH.

Secretaris voor Openbare Werken.

I.

Daar het blijkt dat het gebruik van olie machines voor oppompen van water in verband met besproeiing waarschijnlijk veel uitgebreid zal worden en daar men gelooft dat in vele deelen der Kolonie deze wijze van werken groote mogelijkheden in de toekomst heeft, heeft de Commissaris van Openbare Werken voorstellen in overweging om eene speciale vrachtprijs te bepalen op de Kaapsche Gouvernements Spoorwegen voor het vervoer van olie uitsluitend te worden gebruikt in verband met besproeiing in de Kaap Kolonie.

Regelingen van dezen aard zijn bepaald in Sectie 111 van Besproeiings Wet No. 32 van 1906.

Van deze gunstige gelegenheid zal gebruik worden gemaakt om eenig misverstand uit den weg te ruimen dat vroeger heeft bestaan wat betreft de werking van Openbare Werken Departement Kennisgeving No. 949 van 1904 en Spoorweg Departement Kennisgeving No. 2 van 1906.

II.

(1) *Rabat op materialen.*—O.W.D. Kennisgeving No. 949 van 1904.

Thans kan men, onder Openbare Werken Departement Kennisgeving No. 949 van 1904, een rabat krijgen op de spoorvracht van *Materialen*, zooals cement, water pijpen, kranen, sluis-deuren, enz., wanneer noodig voor besproeiings doeleinden, en op *zoodanige andere materialen als naar goedvinden van het Gouvernement van tijd tot tijd zullen worden toegelaten* als noodig voor het bouwen of vergrooten van besproeiings werken.

Rabat wordt gegeven op zekere voorwaarden welke insluiten eene beëdigde verklaring van den plaats eigenaar luidende dat de artikelen in de applicatie om rabat vermeld *werkelijk verrat* zijn in een zeker werk; en is het onderscheid tusschen de Zuid Afrikaansche produkten vrachtprijzen (geclassificeerd C) en de normale of gewone Kaapsche Gouvernements Spoorweg vrachtprijzen voor de bijzondere artikelen in kwestie zooals gespecificeerd van tijd tot tijd in het Spoorweg Tarief Boek.

Applicaties voor dit rabat moeten geadresseerd worden aan den Secretaris voor Publieke Werken.

(2) *Rabat op Gereedschap en Machinerie.*—Spoorweg Kennisgeving No. 2 van 1906.

De Spoorweg Kennisgeving No. 2 van 1906 (zie ook clause 90, bladz. 32 van het Tarief Boek) heeft alleen betrekking op het vervoer van *Besproeiings Machinerie en Gereedschap*; en wordt alleen geschonken wanneer de zending vergezeld is van eene verklaring van den afzender of laatst geadresseerde zooals het geval is, dat de *machinerie of gereedschap* werkelijk zal worden gebruikt voor besproeiings doeleinden in de Kaap Kolonie of in Rhodesia.

Op zoodanige verklaring wordende gegeven, is de spoorweg vracht berekend voor het vervoer over de Kaapsche Gouvernements Spoorwegen "2d. Vracht" voor ingevoerde artikelen en "3de Klasse" voor artikelen in Zuid Afrika gemaakt.

De voorgeschreven verklaringen moeten worden gegeven aan den plaatselijken Trafiek Bestuurder op de plek van afzending.

III.

Bij de voorgaande sessies voor het aanmoedigen van Besproeiing is men nu van plan eene speciale vrachtprijs te voegen voor het vervoer van olie voor gebruik in de Kaap Kolonie, en men stelt voor dat het Spoorweg Departement in eerste instantie zendingen zal vervoeren tegen de gewone normale 3de Klasse vracht, mits dat iedere zoodanige zending vergezeld is van eene Verklaring van den Afzender of Geadresseerde als vermeld is in onderstaanden Vorm A.

Naderhand zal een rabat van de helft der spoorvracht betaald, gegeven worden aan den geadresseerde op ver-

toon van het certificaat (zie ondergenoemden Vorm B) en zoodanig ander bewijs als de Commissaris van Openbare Werken noodig heeft, dat de olie werkelijk alleen is gebruikt als brandstof voor besproeiings doeleinden.

Als een eerste stap tot den invoer van dit systeem van rabat zal eene lijst worden gemaakt van alle land-eigenaars en besproeiers, gebruikende olie machines om water te pompen dat wordt gebruikt voor wat wettig wordt beschouwd als besproeiing van land voor boerderij doeleinden.

Registratie op deze lijst zal voorwaardelijk zijn met voldoening aan zoodanige condities als de Commissaris van Openbare Werken zal bepalen na onderzoek van ieder geval door den Civielen Commissaris van de Afdeling of door andere middelen.

Personen die wenschen aldus te worden geregistreerd moeten zich in verbinding stellen met den Civielen Commissaris van hunne Afdeling, en bijzonderheden opgeven (als aangetoond op Vorm C hierondergevoegd) wat betreft de soort, en kracht van de olie machine, waarvoor applicatie wordt gemaakt; wat betreft het aantal morgen land geschat te worden besproeid met behulp van zoodanige machine; en andere bijzonderheden als aangetoond.

Wanneer deze inlichting is gegeven zal een begroting worden gemaakt van de hoeveelheid olie jaarlijks waarschijnlijk te worden verbruikt door zoodanige machine, en voor deze hoeveelheid zal iedere machine-eigenaar worden geregistreerd en recht hebben rabat te verlangen van spoorweg vracht onder zoodanige Regulaties als van tijd tot tijd zullen worden uitgegeven.

Alle aanvragen om rabat moeten vergezeld zijn van de Spoorweg ontvangstbewijzen van de Spoorvracht oorspronkelijk betaald tegen de 3de Klasse Vrachtprijs op zoodanige zending, en van een beëdigde verklaring dat de olie werkelijk gebruikt is als brandstof voor besproeiings doeleinden.

A.

Verklaring van Afzender.

Ik certificeer dat de olie beschreven in nevensgaande zendings brief, welke heden afgeleverd is op Statie ter verzending naar Statie, voor rekening van van de plaats in de Afdeling werkelijk zal worden gebruikt uitsluitend voor doeleinden in verband met land besproeiing door Pomp Machine No. waarvan genoemde de geregistreerde eigenaar is, en ik geef mits deze de genoemde olie over om te worden vervoerd onder de voorwaarden vermeld in Gouvernements Kennisgeving No. 17.

Ik, ... van Afdeling certificeer mits deze en verklaar plechtig en oprecht dat de hoeveelheid olie vermeld in bijgaande spoorweg ontvangst bewijs (ontvangstbewijzen) voor betaalde spoorweg vracht, overeenkomstig Gouvernements Kennisgeving No. werkelijk en geheel gebruikt is in verband met het loopen van de geregistreerde Pomp Machine No. voor Land Besproeiing op mijne plaats in de Afdeling en ik maak deze plechtige Verklaring, oprecht geloovende dezelve waar en juist in alle bijzonderheden te zijn.

4. The Market Master or his representative shall levy and take, in addition to the registry fee, from all sellers on the market, five per cent. on the amount of all goods and produce sold.

5. Any person selling livestock, goods or produce on the market, whether privately or publicly, and neglecting to pay the market dues herein provided for, shall be subject to a penalty of not exceeding five pounds for each offence.

6. Should any dispute arise between one or more bidders during the sale of any article, such articles shall forthwith be put up again for sale.

7. All sales on the market shall be for cash, unless the terms of credit be publicly declared and entered in the books of the Market Master or his deputy before the commencement of such sale. No private arrangements made by the parties for any particular mode of payment previous to the exposure of the produce on the market shall be admitted by the Market Master. The Market Master shall hold himself responsible to the seller for the payment of the money for which the articles have been sold, and all purchases shall be paid for by the buyer to the Market Master or his representative either on the spot at the time of purchase, or at the Market Office before noon on the day of the sale, provided that the article has been delivered.

8. All payments for purchases on the morning market shall be made to the Market Master or his deputy within the hours as mentioned in the preceding clause. From any person failing so to pay within the hours so determined on, the Market Master or his deputy shall demand and take a fine of 3d. if the amount is under 10s., 6d. if the amount is over 10s. and under 20s., and at the rate of five per cent. on all amounts above 20s., provided always that the Market Master or his deputy shall be bound at any future purchase such defaulter may be desirous of making, either to refuse such defaulter's bid while in default altogether, or require him to deposit the money on the spot, and in the event of non-compliance the next highest bidder shall be declared the purchaser.

9. It shall be lawful for the Market Master to hand over to whomsoever the Council may direct, all such accounts as shall be more than twenty-four hours overdue, and upon such accounts a collection fee of five per cent. shall be payable with a minimum collection fee of 6d. on each account.

10. The Market Master shall pay to the seller or his agent the proceeds of sales on the market, less charges and fees as before provided at 12 noon, after the seller or his agent shall have delivered the sale notes, receipted by

the purchaser, subject, however, to such rules as may be passed by the Town Council. Any purchaser who neglects or refuses to receive or pay for any article so bought, or who shall cause any unnecessary delay to the seller, shall be liable to a fine not to exceed five pounds sterling; provided always that the delay is avoidable, and that it does not arise from fraud practised by the seller. No payment shall be made except to the seller or his agent duly authorised to receive the same.

11. The Town Council shall be responsible to the sellers on the market for the proceeds of all cash sales thereon; provided that in the event of non-payment by the Market Master notice be given to the Town Clerk or Mayor within forty-eight hours after the sale.

12. The Market Master or deputies shall sell all stock or produce exposed for sale on the market by public auction. No bidding, however, shall be taken for less than two hundred pounds weight of meal, flour or grain, one hundred pounds weight of oathay (which must always be sold by weight), except in such cases when the total quantities of any article brought for sale shall be less than the quantity herein specified; butter, however, shall not be sold in smaller quantities than one pound lots. All vegetables and fruits not to be sold by public auction may be exposed for sale at a spot to be set apart by the Town Council for the purpose. The Town Council may erect at discretion stalls or other accommodation for retail sellers on the market, for which it shall be authorised to make a charge according to the accommodation required.

13. All persons offering forage, grain, butter, meat, potatoes, wool or brandy for sale on the public market shall be bound before the sale, if required to do so, to deliver to the Market Master a sample of such produce or specified articles for comparison with the article which is to be sold on the Market.

14. The buyer or seller of any article wishing it to be weighed may call upon the Market Master or Weighing Master to weigh same, and to give a certificate of the weight.

15. The Market Master shall not be permitted to purchase produce on the Market for the purpose of trading or otherwise, on pain of being removed from his situation, excepting any articles in small quantities which are *bona-fide* for his own family consumption.

16. The seller on the public market shall within a reasonable time deliver to the buyer at any place at the option of the purchaser (provided the same be within the limits of the town) the produce and other articles sold on the market over two hundred pounds weight; without making any charge whatever for so doing, and any person neglecting or refusing so to deliver to the purchaser shall be liable to a penalty not exceeding five pounds, except when the seller at the time of sale objects so to deliver.

17. The Market Master shall keep a correct account of all moneys received and paid by him and of all produce he may have sold. All fees received by him shall be paid to the Town Treasurer at such time as the Town Council shall from time to time determine the intervals of payment. The Market Master shall deliver a sale note to every person who shall sell goods on the market, setting forth the name of the purchaser, the quantity and description of the articles sold and the prices of the different articles and the date of sale, and shall render account sales on payment for sales, when required to do so. In any matter where the Market Master is named in the foregoing regulations the provision made is to apply equally to his deputy.

18. Diseased, measly, or palpably putrid meat or fish exposed on the market for sale may be seized by the Market Master or his deputy and destroyed, and the Market Master or his deputy shall have to the power to refuse to sell any butter, vegetables, eggs, fruit or any food that he may deem unsound or unfit for use. Any person who shall have sold any kind of meat which may prove to be unsound and which sale shall have been reported to the Market Master or his deputy within one hour after the closing of the market, shall not be entitled to receive payment therefor, and in case of his having been paid shall refund the amount received by him, and shall be liable to a penalty not exceeding two pounds, provided, however, that nothing herein contained shall exonerate the seller from any action for damages.

19. If any person who shall have bought any article on the market, shall refuse, without any reasonable cause or excuse, to receive or pay for same or shall cause any unnecessary delay to the seller, it shall be the duty of the seller to report him to the Market Master, who shall, in writing, call upon the purchaser to receive and pay for the articles so bought, and inform him that in the event of his failing or refusing to accept and pay for the same, that the articles will be resold on the market on the following morning, and that he shall be held liable for deficiency

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

without being entitled to any profit, if any, and shall, in addition, be compelled to defray all expenses incurred by the detention of the seller in town.

20. The Market Master or his deputy shall make payment only to the proprietor or person in whose name the produce or other articles may have been sold or upon the written order of such proprietor or person.

21. The Market Master or his deputy shall attend at the Market Office daily during such hours as shall from time to time be determined upon by the Council, and shall conduct the market in strict conformity with these regulations and such orders as he may from time to time receive from the Council.

22. No person other than the Market Master duly appointed shall sell produce or other movable property on the Market Square by the rise or fall, except the permission of the Town Council be first had and obtained in writing.

23. No sales of livestock by auctioneers or persons other than the Market Master shall be allowed on the Market Square, the Commonage or on lands vested in the Municipality without the permission of the Town Council first obtained in writing, and then only upon payment of such fees or commission as the Town Council shall from time to time fix and determine. Any person contravening this regulation shall be liable to a penalty not exceeding ten pounds sterling.

6. All monuments, gravestones and inscriptions shall be approved by the Council, and shall be kept in good order and repair by the owners thereof, and should they fail to do so, the Council may do it at their expense, provided three months' previous notice be given to the owner (if

[1907.]

Colonial Secretary's Office,
Cape Town, 21st January, 1907.

THE following summary of the Report of the Government
Labour Bureau for the month of December, 1906, is
published for general information.

NOEL JANISCH,

Under Colonial Secretary.

The direct demand through the Bureau was 107 as compared with 103 for the preceding month. The demand for labour remains small, and practically the same as in November.

No applications were received in response to advertisements for a paint maker, cropper hands, plaster and earthenware pipe makers. The building and engineering trades continue in an unsatisfactory state, and no new works of any consequence were initiated. With regard to the first-named industry: only 5 buildings of any consequence were under construction, and of these one is on the point of completion. In view of the fact, however, that three very large structures are about to be put in hand, the outlook may be considered fair.

The British Vice Consul at Benguella and Messrs. Griffiths & Co., the contractors for the Benguella Railway at Lobito Bay, have issued a warning against men proceeding to those places unless they have received a definite offer of employment.

The number of men sent to definite work was 88, made up as follows:—

Artizans, 27; clerks, sale men, canvassers, &c., 3; labourers (European and coloured), 41; overseers, gangers, &c., 0; servants (indoor and outdoor), 13; warders, constables and attendants, 4; total 88. 101 men were sent to work during the preceding month. Fewer men were provided with employment than during any month in the year, the falling off being chiefly in respect to unskilled labourers, the amount of work available for this class being much less than has been the case for several months. It is regretted that it has been found necessary to discharge over 100 stonebreakers from the Municipal contract quarry in the Kloof road owing to the small demand for macadam for road repairing. I am informed that the average weekly output is now 210 loads as against 475 in November and 410 in October. This class of work has at no period been very popular as it involves—in this instance—a long walk from the city, and payment strictly by results; but, failing other employment it has been a distinct advantage to the men to be able at all times to secure work which will at least provide them with food and lodging.

The total number of applications for employment (including renewals) received during the period under report was 155, of which the following is an analysis:—

	EUROPEAN.		COLOURED.	
	Class I.	Class II.	Class I.	Class II.
Artizans, building trades	21	9	2	4
" Engineering "	17	5	1	—
Factory workers (not included in above) ...	3	5	1	2
Clerks, bookkeepers, storemen, canvassers and salesmen	10	7	—	1
Coachmen, waiters, gardeners, &c.	9	5	2	10
Timekeepers, Overseers and gangers	6	5	—	—
Farm hands ...	4	—	—	2
Labourers and handy-men	4	4	—	15
Totals ...	74	40	7	34
Grand Total ...	114		155	

204 applications were received during the preceding month. In point of numbers the carpenters, painters and bricklayers head the list of unemployed, and these are closely followed by workers in the engineering trades. There is, moreover, reason to believe that salesmen, clerks, etc., have no less difficulty in securing employment any advertised vacancy being the object of eager competition.

BUILDING PLANS, ETC.—Cape Town.—During the period 1st to 31st December 40 plans were under consideration by the City Council, of which 17 have been approved, 8 returned to the architects for amendment, 8 withdrawn and 7 remain under consideration. The approximate cost of the proposed work is £24,700.

Woodstock.—4 plans were approved at a cost of £750.

Maitland.—Work was commenced in connection with the making of streets, etc.

Rondebosch.—6 plans were approved during the period 15th October to 19th December.

TENDERS CALLED FOR.—Tenders, which are receivable up to and including the dates indicated, in parenthesis, have been invited for the following services:—

The erection of nave and aisle of the proposed English Church at Kenilworth (31st December, 1906).

The construction of an additional storage reservoir on Table Mountain for the Wynberg Municipality.

The construction of a section of the Maitland Road (2nd January, 1907).

The construction of foundations for the proposed Law Courts, Cape Town (11th February, 1907).

The laying of a storm-water drain, Rondebosch (4th January, 1907).

PUBLIC WORKS DEPARTMENT.—Additions, etc., Riebeck Street, Police Station, Cape Town. Repairs, etc., to the Office of the Inspector of Prisons, Cape Town. Repairs to Mouille Point Lighthouse. The exterior painting of the Marine Station, St. James. Repairs to Simon's Town Residency (27th December, 1906).

TENDERS ACCEPTED.—Public Works Department.—The tender (£1,508 11s. 8d.) of Messrs. R. B. Hendry & Co. has been accepted for the supply of cast iron pipes, etc., in connection with the water supply, Robben Island. Oude Drift Bridge, Robertson.—Construction of piers, approaches, etc., Mr. H. C. Webb (£3,184).

INDUSTRIES.—*Joinery*—No change, very dull. *Sailmaking*—Dull. *Printing*—The conditions of employment for lithographers and machinists continues fair, but there is very small demand for letterpress and jobbing hands. *Leaden Pipe Making*—Fair. *Plumbing*—Indifferent. *Furniture Manufacture*—Dull. *Milling*—Fair to dull. *Tanning*—Moderately busy. *Sheetmetal Working*—Very quiet. *Jam and Confectionery*—Unsatisfactory. *Bootmaking*—Recently fair. *Tobacco Manufacture*—Good. *Cigarette Making (hand)*—Many unemployed. *Harness Making*—Dull. *Baking*—Normal. *Coach and Wagon Building*—Very unsatisfactory. *Engineering*—Very dull. *Cake and Biscuit Making*—Quiet. *Tailoring*—Dull. *Granite Dressing*—The prospects are fair, but there is a number at present unemployed.

As regards the industries generally, the hope is expressed by many that as farmers are now benefiting greatly by the improved condition of the land and a good season;

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

an increased demand for manufactured goods will result. On the whole, there would appear to be a more hopeful feeling prevailing than has been the case for more than a year.

RELIEF WORKS.

	Married.	Single.	Total.

" on December 31st ...	10	186	196
Decrease of ...			10

The number of women and children dependent or partly dependent upon the married men was 35 or 3·5 per family.

Eighteen men arriving from other centres in a destitute condition were sent to the various camps.

VAGRANCY.—Convictions during November, 41; December, 31.—Decrease, 10.

GENERAL SUPPLY AND DEMAND.

Aberdeen.—The building trade and the farming industry is good, but there is no demand for additional labour.

Alexandria.—A large number of labourers have left for other districts.

Kimberley.—The supply of European labour (generally unskilled) more than equals the demand, and a number of men continue to be employed on relief works.

King William's Town.—Numbers of Europeans are daily passing through the town in search of employment.

Port Elizabeth.—In every branch of trade the supply of labour exceeds the demand.

Robertson.—Labourers for irrigation and railway construction works continue to be in demand.

Uitenhage.—A number of European and native labourers are employed.

The districts generally do not need special comment as the supply is reported to be equal to the demand. The reports indicate that in the undermentioned centres the supply exceeds the demand:—

Building Trades.—Cape, Cradock, East London, Mid-delburg, Port Elizabeth, Steynsburg, Williston.

Engineering Trades.—Cape, East London, Port Elizabeth.

Factories.—Cape, East London, Port Elizabeth.

Farming.—King William's Town and Steynsburg.

Retail Trade.—Cape, East London, George, Port Elizabeth, Steynsburg.

Unskilled Labourers.—Cape, East London, George, Herschel, Kimberley (European), King William's Town, Mid-delburg, Port Elizabeth, Steynsburg, Uitenhage.

The only specific demand is for native herds and farm hands at Alexandria, Calvinia, Clanwilliam, Fraserburg, Hope Town, Namaqualand, Prince Albert, Robertson, Sutherland, Uniondale, Van Rhynsdorp, Vryburg, Williston, and for mining labourers at Kimberley.

There has been an improvement in the demand for labour as follows:—*Building Trades.*—Aberdeen, Bredasdorp, *Farming.*—Hope Town, *Retail Trade.*—Aberdeen, Bredasdorp, Hope Town, Mossel Bay. On the other hand these has been a falling-off in the demand for artisans in the building trade at Alexandria, Hope Town, Malmesbury, Tulbagh, Wodehouse

C. W. COUSINS.

3. TREASURER'S MINISTERIAL DIVISION.

[75.]

[1907.]

Treasury,
Cape Town, 21st January, 1907.

THE following Memorandum in regard to the exportation of Cape Fruit, is hereby published for general information.

WM. A. COLLARD,
Assistant Treasurer.

EXPORTATION OF CAPE FRUIT.

The conditions affecting the cultivation, transport and sale of Cape Fruit have, for a considerable time, engaged the anxious attention of the Government; and it has now been decided that, as an experiment in the interests of the Fruit Growers of the Colony, the following scheme will be brought into operation on and from the 21st January, 1907:—

Consignments of fruit intended for shipment under this scheme will be received from farmers and others by the Station Masters or Foremen-in-charge at all stations and sidings (where an official is on duty) between Laingsburg and Cape Town (including all Western System Branch Lines) and forwarded to Cape Town Docks subject to the conditions hereinafter set forth:—

1. All fruit received from senders and forwarded by the Railway Department under this scheme is taken in charge by the Government on the distinct understanding that payment therefor will only be made to the consignor after the returns of the prices obtained have been received, i.e., subsequent to the sale of the fruit in Great Britain.

2. The railway carriage of such fruit may be charged forward to Cape Town Docks and it will be debited to a special account to be opened in the Treasury Department.

3. All such fruit must be selected, graded and packed by senders in accordance with the instructions issued by the Department of Agriculture, copies of which can readily be had from the Station Masters.

4. Boxes for the conveyance of this fruit must be of the standard sizes and made in accordance with the specifications prescribed by Government (see instructions referred to in clause 3) otherwise the Station Master will refuse to accept them.

5. Arrangements are being made with timber merchants to supply bundles of wood for the construction of fruit packages (not less than 12) and the wood wool requisite for packing purposes. Such materials may be ordered through the local Station Master, who will forward the order immediately to the Superintendent of Agricultural Co-operation, Cape Town, when it will be executed and the goods despatched and delivered on the "Collect on Delivery" System. The prices of the wood are 5s. per doz. boxes and wood wool about 4s. per 25 lbs.

6. Each package of fruit must have impressed upon it a distinctive device, name or letter (to be selected by the consignor), which mark must be registered by the Station Master at the forwarding station in a book kept specially for the purpose. No two exporters are allowed to use similar marks for the packages.

Stencils for branding the packages may be obtained in the same manner as wood and wood wool, i.e., from the Superintendent of Agricultural Co-operation through the local Station Master at 2½d. per letter.

7. Special address cards—which must always be used—will be provided FREE by the Railway Department, and they should be carefully filled in and securely tacked on to the boxes; these cards bear the words "Cape fruit for export; highly perishable," and have spaces for the sender's name and that of forwarding station.

8. A special consignment note for fruit despatched in connection with this scheme has been issued to the principal fruit forwarding stations and sidings in the Western Province. On the back of this note space is provided for the consignor to declare whether, in the event of his fruit being ineligible to receive the Government Brand, it may still be forwarded to England for sale unbranded, or disposed of locally; it must be understood, however, that this in no way interferes with the powers vested in the Inspector to reject unsuitable fruit.

Four copies of each consignment note must be made out and signed by the consignor, the copies being dealt with as follows:—One to be handed to consignor as a receipt for the fruit; one to be retained by the sending station; one to be posted immediately to the Superintendent

of Agricultural Co-operation, Parliament Street, Cape Town; and one to be sent to the Government Fruit Inspector, Cape Town Docks, accompanying the invoice.

9. The fruit must be addressed and invoiced to the Docks Superintendent, Cape Town Docks, particulars of the quantities forwarded being *wired* by the Station Master to the Fruit Inspector and Goods Traffic Superintendent, Cape Town Docks, as well as to the Goods Superintendent, Cape Town Goods Station, at the time of despatch. Station Masters must not accept consignments of fruit for the Union-Castle Mail Steamers unless the traffic can reach Cape Town not later than the *Sunday* morning prior to the sailing of such steamers. Consignors must be careful to obtain from the Station Masters reliable information regarding the train arrangements in order that they may be in a position to comply with the Table Bay Harbour Board requirements, which stipulate that all fruit for shipment must be placed in the Harbour Board Cold Chambers and kept there at least 48 hours before being shipped.

The latest trains by which fruit can be conveyed to Cape Town Docks for the weekly mail steamer are the 56 Up goods on Saturdays in the case of traffic from the Stellenbosch Branch, and the 66 Up goods ex Touws River on Saturdays in the case of traffic from Main Line Stations.

Fruit for shipment should be sent by GOODS TRAIN to avoid the road transit between Cape Town Passenger Station and the Docks.

10. All fruit consigned in accordance with the terms of this scheme will be examined by the Government Fruit Inspector before being forwarded to England, and the Inspector may, in the exercise of his discretion, wholly reject packages or consignments, the character of which might be regarded as detrimental to the standing of Cape fruit in British or Continental markets.

11. On each sailing day the Government Commercial Agent will attend at a certain specified time at the Cape Town Docks to receive from the Government Fruit Inspector particulars of all fruit consigned to London under the foregoing provisions.

12. The Commercial Agent will immediately submit to the Superintendent of Agricultural Co-operation detailed summaries of all such fruit, and a cable message will be at once despatched to the Agent-General in London, advising, in accordance with a pre-arranged code, the quantities and general description of the fruit thus being forwarded.

13. Special arrangements have been made between the Government and the Union-Castle Steamship Company to enable the fruit immediately on arrival at Southampton to be taken in charge by the Trade Commissioner of the Cape Government in London.

14. The Government Commercial Agent in Cape Town will forward by each mail steamer invoices in duplicate, giving full details, of each consignment of fruit, and such invoices will be made the basis of distribution and collection of sale prices in England.

15. The Trade Commissioner in London will receive all fruit consigned under this scheme and distribute it to the trade with whom he will be in communication during the period intervening between the receipt of the advisory cable and the fruit itself.

16. The Trade Commissioner in London will charge freight and cost of distribution against each bulk consignment, and the balance will be remitted through the Agent-General to the credit of the Special Treasury Account opened for this purpose, and the Superintendent of Agricultural Co-operation will forward through the Post Office to all consignors the respective amounts payable to them for their fruit. As far as possible a report on the character of each consignment will be sent with the remittance.

Up to the present the export trade in fruit has been entirely confined to the Western Province, and of course it is clear that under the conditions of this scheme fruit for export in small quantities can only be carried limited distances. Should, however, considerable quantities of fruit offer from the Midland and Eastern sections of the Colony, Government will consider the advisability of providing similar arrangements at the ports of East London and Port Elizabeth to those which now operate at Cape Town.

It is understood that this proposal is being given effect to by the Government in order to encourage fruit culture, and more up-to-date methods in packing and transit; and in every district where any considerable quantity is grown it is strongly urged that Co-operative Associations should be established through the medium of which considerably greater efficiency and economy could be maintained.

[1481.]

[1906.]

Landmeter-Generaals Kantoor,
Kaapstad, 5 December 1906.

OVEREENKOMSTIG artikel II., Wet No. 15 van 1887, zooals geamendeerd door artikels IV., V., en VI., van Wet No. 40 van 1895, wordt hiermede ter algemeene informatie bekend gemaakt dat de volgende Erven bij publieke veiling te koop aangeboden zullen worden voor het Kantoor van den Civielen Commissaris, Calvinia, om 10 uur v.m., op Woensdag, 13 Februari 1907, onderhevig aan de voorwaarden en bepalingen in bovengemelde wet en de algemeene koop-condities uiteengezet, en verder aan zulke voorwaarden als op den verkoopdag mogen genoemd worden.

Geen persoon of maatschappij mag meer dan twee (2) Bouw Perceelen of twee (2) Landbouw Perceelen kopen. evenmin mag hij Perceelen aldus gekocht verkoopen aan iemand die reeds de houder is van twee Bouw Perceelen of twee Landbouw Perceelen.

Ieder Lot zal te koop geboden worden tegen den vastgezette inzetprijs, en de hoogste bidder, die niet minder dan dien inzetprijs zal geboden hebben, zal de kooper verklaard worden, en zoodanige kooper zal de keus hebben of het geheel of een deel van de koopsom op den koopdag te betalen: Mit dien verstande:

- (i) Dat, als geene betaling geschiedt op den koopdag een-tiende van den koopprijs betaald worden zal op zes maanden en een-tiende op twaalf maanden, gerekend van den verkoopdag.
- (ii) Dat, als minder dan een-tiende van den koopsom op den koopdag betaald wordt, het overige van zulk een-tiende betaald worden zal na verloop van zes maanden, en het andere een-tiende na verloop van twaalf maanden, gerekend van den verkoopdag.
- (iii) Dat, als het bedrag betaald op den verkoopdag het een-tiende zijn zal of eenige som tusschen een-tiende en een-vijfde deel van de koopsom, het overige van een-vijfde van de koopsom betaald worden zal na verloop van twaalf maanden, gerekend van den koopdag.
- (iv) In geval de koopsom minder dan vijf-en-twintig ponden zal zijn, zal het gehele bedrag kontant of in gelijke deelen betaald worden over een tijd van drie (3) jaren.

Interest op de bovengenoemde sommen zal betaald worden gerekend tegen vier per cent. per jaar; en de betaling der paaimenten, met de interest daarop, zal op den koopdag door twee naar het oordeel van den Civielen Commissaris goede, voldoende borgen verzekerd worden, welke borgen in betrekking tot de betaling zich als borgen in *solidum* en mede principale schuldenaars verbinden, afstand doende van de excepties van excussie en divisie.

Als de kooper of diens borgen feilen, of niet in staat zijn de noodige betalingen van de koopsom als bovengenoemd binnen de gestelde tijd te doen, zal de Regeering het recht hebben den koop nietig te verklaren, en alle betalingen reeds gedaan ten opzichte van dien koop, zullen aan de Regeering vervallen.

De uitgaven van opmeting op elk perceel en van den Grondbrief, nam., 12s. 5d., zullen aan den Civielen Commissaris of andere ten dien opzichte wettelijk geautoriseerde persoon, op den koopdag betaald worden.

Indien de koopprijs £25 of meer is, is de kooper verplicht een verband te passeeren, gevende interest tegen vier per cent. per jaar, ten gunste van het Gouvernement voor vier-vijfde van den koopsom, tenzij hij op den koopdag meer dan een-vijfde daarvan betaald hebben zal, in welk geval het bedrag van het verband voor de balans van den koopsom zijn zal, hebbende de kooper het recht het verband of eenig deel daarvan, zijnde niet minder dan vijftig ponden in eens, af te betalen.

Mocht de kooper de balans van de koopsom op verband willen houden, als bovenvermeld, zal hij het verband moeten passeeren binnen dertien (13) maanden van den koopdag, in gebreke waarvan een boete van een shilling opgelegd worden zal voor iederen dag, die daarboven

voorbijgegaan is tot op achttien maanden van den datum der verkoop; na welken tijd, mocht er nog geen verband gepasseerd zijn, de balans van de koopsom, met interest daarop, en het bedrag van de boete, aldus opgelegd, zoo er eenige is, terstond vervallen zal en betaald zal moeten worden en in ieder bevoegd gerechtshof zonder verdere kennisgeving opgevorderd zal worden; en indien niet binnen een maand na datum van vonnis betaald, zal de koop van nul en geene waarde worden, en reeds gedane betalingen zullen aan de Regeering vervallen.

De Kaarten en Conditie van Verkoop kunnen gezien worden ten kantore van den Landmeter-Generaal, Kaapstad, en ten kantore van den Civielen Commissaris van Calvinia.

Any person prohibited as in the preceding regulations Nos. 10 and 11 provided, from selling or disposing of any milk who shall during the period of such prohibition sell or otherwise dispose of any such milk or fail to carry out the directions of any duly authorised officer of the local authority regarding the manner, place and custody of the same, shall incur the maximum penalty provided for a contravention of these regulations.

14. The Colonial Veterinary Surgeon may by himself, or by any competent officer duly authorised thereto by him, enter at any time upon any premises in which any cow for the production of milk for sale is kept or housed or milked, and examine any cow or other animal therein, and should there be reason to believe or suspect that any such cow or animal is suffering from any contagious or infectious or other disease liable to render milk produced by such cow or animal unwholesome or injurious or dangerous for human consumption, may carry out such investigations, including the inoculation of any such cow or animal, as he may deem necessary to determine whether such cow or animal is suffering from such disease.

15. The local authority shall cause every cowshed, dairy or milkshop situate within the area of the local authority in respect of which a certificate of registration has been issued to any person as in the preceding regulations provided, to be inspected by a Health Officer or other duly authorised officer of the local authority as often as may be necessary, but not less frequently than once in every six months, in order to ensure that such cowshed, dairy or milkshop, together with all milk vessels, articles or vehicles thereon or used in connection therewith, are at all times maintained and kept in a satisfactory condition and in accordance with these regulations, and that no

person is employed in or about such cowshed, dairy or milkshop who is suffering from any infectious or contagious disease, or whose person or clothing is dirty or likely to be in an infectious state or so as to be liable to render any milk contaminated or unwholesome or injurious or dangerous for human consumption, and that all cows or other animals kept in such cowsheds are in good health and not suffering from any illness or kept so as to be likely or liable to render any milk contaminated or unwholesome or injurious or dangerous for human consumption, and that no contravention of these regulations is taking place. Should any such cowshed, dairy or milkshop or any such milk-vessel, article or vehicle be found to be in an unsatisfactory condition or not in accordance with these regulations, or any such person be found to be suffering from any infectious or contagious disease, or his person or clothing dirty or likely to be in an infectious state or so as to be liable to render any milk contaminated or unwholesome or injurious or dangerous for human consumption, or any cow or other animal be found to be suffering from any illness or so kept as to be likely or liable to render any milk contaminated or unwholesome or injurious or dangerous for human consumption, or should it be found that any contravention of these regulations is taking place, such certificate of registration may, irrespective of any penalty provided by or inflicted under these regulations, be withdrawn or cancelled or the renewal thereof refused by the local authority, provided that in every such case the reasons for such withdrawal, cancellation or refusal shall be forthwith specified and notified in writing by the local authority to the person concerned, and provided further that the local authority may annul such withdrawal, cancellation or refusal upon becoming satisfied that the cowshed, dairy, milkshop, milk vessel, article or vehicle, as the case may be, has been made satisfactory and in accordance with these regulations, or that the person is no longer suffering from contagious or infectious disease or dirty or infectious in his person or liable to render any milk contaminated or unwholesome or injurious or dangerous for human consumption, or that the cow or other animal is no longer suffering from illness or so kept as to be likely or liable to render any milk contaminated, unwholesome, injurious or dangerous for human consumption.

16. Every cowkeeper, dairyman or purveyor of milk registered hereunder by a local authority shall, upon demand by a Health Officer or other duly authorised officer of such local authority, or by the Medical Officer of Health for the Colony or any officer duly authorised by him, furnish to such Health or other Officer the names and addresses of all persons supplying to such registered person milk intended for sale or preparation for sale, and the name and address of the person who supplied to him any particular sample of milk in his possession, and a full and complete list of the names and addresses of all his customers, and shall give such assistance to discover the residence of all or any such persons or customers as may be deemed necessary by such Health or other officer.

17. In the case of any cowshed, dairy or milkshop in the possession, occupation or use of any such registered person, or of any person supplying milk for sale or preparation or exposure for sale to any such registered person, being situated beyond the area of the local authority granting the certificate of registration, it shall be lawful for any Health Officer or duly authorised officer of such local authority at any reasonable time to enter upon and inspect, subject to the consent of the owner, occupier or person in charge thereof, such cowshed, dairy or milkshop, together with all cows and other animals, milk vessels, articles or vehicles thereon or used in connection therewith, for the purpose of ascertaining that they are maintained and kept in a satisfactory condition and in accordance with these regulations, and that no person is employed in or about such cowshed, dairy or milkshop who is suffering from any infectious or contagious disease or whose person or clothing is dirty or likely to be in an infectious state or so as to be liable to render any milk contaminated, unwholesome, injurious or dangerous for human consumption, and that all cows or other animals kept thereon are in good health and not suffering from any illness or so kept as to be likely or liable to render any milk contaminated, unwholesome, injurious or dangerous for human consumption. Should such consent be refused, or should any such cowshed, dairy or milkshop or any such milk vessel, article or vehicle, be found to be in an unsatisfactory condition or not in accordance with these regulations, or any such person be found to be suffering from any infectious or contagious disease or his person or clothing dirty or likely to be in an infectious state or so as to be liable to render any milk contaminated, unwholesome, injurious or dangerous for human consumption or any cow or other animal be found suffering from any

18. Any person obstructing any Health Officer or duly authorised officer as aforesaid making any inspection, as in the foregoing regulations provided, or obstructing any such officer in the performance of any duty lawfully undertaken thereunder or refusing to give information or assistance required of him thereunder, shall be liable to the penalty provided by regulation Number 38 hereof.

19. Every cowshed in respect of which a certificate of registration is granted as aforesaid, or is in force, shall be constructed, maintained and kept as follows:—

- (d) Every such cowshed shall contain at least eight hundred cubic feet of air space and at least fifty square feet of floor space for each cow occupying such cowshed: provided that in calculating the air space for the purpose of this regulation no space shall be reckoned which is more than sixteen feet above the floor, but if the roof or ceiling be inclined, then the mean height of the same above the floor may be taken as the height thereof for the purpose of this regulation. And provided further that if any ox, bull, horse, mule, ass, sheep or goat be kept in any such cowshed, every such ox, bull, horse, mule, or ass so kept shall be reckoned for the purposes of this regulation as requiring the space herein required to be provided for one cow, and every such sheep or goat as requiring at least three hundred cubic feet of air space and at least twenty square feet of floor space. And provided, further, that the local authority may decide that this regulation shall not apply in the case of any cowshed constructed and used before the date of the coming into effect within the area of such local authority of these regulations until the lapse of any period not exceeding two years after that date, but no such cowshed, anything in this proviso notwithstanding, shall contain less than six hundred cubic feet of air space for each cow occupying such cowshed.

Any cowkeeper allowing any cowshed in his use or occupation to be occupied by cows or oxen, bulls, horses, mules, asses, sheep or goats, so that each cow or other animal has less air space or floor space than is required by this regulation shall be liable to the penalty provided by regulation number 38 hereof.

constructed of or covered with any material such as to render limewashing unsuitable or inexpedient and that may be otherwise properly cleansed.

The floor of every such cowshed shall be thoroughly swept and all dung and other offensive matter shall be removed therefrom as often as may be necessary and not less frequently than once daily.

In every such cowshed any bedding shall at all times be kept in a dry, clean and wholesome condition.

- (g) Every such cowshed shall at all times be provided with a suitable and sufficient supply of water.

Every receptacle in which any water may be stored in connection with such cowshed shall be constructed of non-absorbent materials suitable for the storage of water in a pure state, and shall not communicate directly with any sanitary convenience, sewer or drain, and shall be properly covered and ventilated and so placed as to be at all times easily accessible for inspection and cleansing.

23. Every milk-vessel used by any such cowkeeper, dairyman or purveyor of milk shall be made of such material and so shaped or designed as to admit of such milk vessel being easily cleansed and sterilised.

For the purpose of this regulation the local authority may from time to time prescribe the material, shape or design to be conformed to in respect of milk vessels used or intended to be used for the keeping, conveyance, delivery or distribution of milk within the area of such local authority, and any such cowkeeper, dairyman or purveyor of milk thereafter so making use of any milk-vessel not conforming to such prescript shall be guilty of a contravention of this regulation, and shall be liable to the penalty provided by regulation number 38 hereof: provided always that no such prescript shall be of force or effect until after the expiration of at least six months from the date of first giving notice thereof by the local authority by publication in one or more newspapers circulating within the area of the local authority and by written notice addressed to each and every cowkeeper, dairyman and purveyor of milk registered within the said area.

30. No cowkeeper shall cause or suffer any cow belonging to him or under his care and control to be milked for the purpose of obtaining milk for sale:—

- (a) Unless at the time of milking, the udder and teats of such cow are thoroughly clean, and
- (b) Unless the hands of the person milking such cow are thoroughly clean and free from all dirt, infection and contamination.

31. No cowkeeper, dairyman or purveyor of milk shall sell or prepare, transmit or expose for sale, any milk the product of cows fed on forage or depastured on grazing grounds liable to render such milk unwholesome, injurious or dangerous for human consumption.

32. No cowkeeper, dairyman or purveyor of milk shall sell or prepare, transmit or expose for sale milk:—

- (a) Which has been or is likely to have been contaminated or exposed to any infection or is in a condition likely or liable to prove unwholesome or injurious or dangerous to the health of man.

tion; upon being so satisfied the local authority shall forthwith sanction in writing the sale and storage, preparation, transmission or exposure for sale of such milk.

35. Nothing in the last two preceding regulations shall be taken as preventing the use of any such milk for the purpose of feeding animals; provided that such milk shall in every case have first been thoroughly boiled, and provided further that such milk shall not have been produced by a cow suffering from Anthrax.

35. Any milk found in the possession of any registered cowkeeper, dairyman or purveyor of milk or in any cowshed, dairy, milkshop, vehicle or milk-vessel in the possession or use of any registered cowkeeper, dairyman or purveyor of milk, shall be deemed to be intended for sale for human consumption until the contrary shall have been proved to be the case by such cowkeeper, dairyman or purveyor of milk.

D.

REGULATIONS FRAMED UNDER SECTION 9, SUB-SECTION 5 (c), OF "THE PUBLIC HEALTH AMENDMENT ACT, 1897," FOR REGULATING THE TRADE IN PRODUCTS OF MILK.

1. Throughout these Regulations the term "Product of Milk" shall mean and include ice-cream and every similar substance containing a large proportion of milk intended for human consumption, not being a sterilised substance hermetically enclosed or otherwise preserved.

2. No person shall sell or manufacture, prepare, keep, deposit, transmit or expose for sale any product of milk within the area of a local authority unless registered by such local authority as a manufacturer or vendor of products of milk as the case may be, and in possession of a certificate to that effect in force and current at the time being, and any person selling or manufacturing, preparing, keeping, depositing, transmitting or exposing for sale any product of milk without being registered and in possession of a certificate as aforesaid, shall be liable on conviction to a penalty not exceeding £25.

3. Every person desiring to be registered as a manufacturer or vendor of products of milk within the area of a local authority shall submit a written application for registration at the office of such local authority fourteen days before the date upon which he desires to enter upon such trade or business; such application may be made for registration of the same person in either or both of the capacities of a manufacturer or vendor of products of milk.

4. It shall be lawful for the local authority to grant such application or to refuse the same if the said local authority shall, after due enquiry and for good reason,

deem it expedient so to do: provided that in all cases where such application is refused the reasons for such refusal shall be forthwith specified and notified in writing by the local authority to the applicant, and provided further that any such refusal shall not debar the applicant from making at any time a subsequent application or applications for registration.

5. Such registration shall be free of charge and a certificate of registration shall be issued free of charge by the local authority to each person so registered. Such certificate shall, unless previously withdrawn or cancelled by the local authority as in these regulations provided, be in force from the date of such registration up to and including the 31st day of December next ensuing. Should a renewal thereof be desired, written application therefor must be made at the office of the local authority at least fourteen days before the date of expiry of the current certificate.

6. Each such certificate shall state the full name and address of the person to whom it is granted, and the capacity in which he is registered, whether as a manufacturer or vendor or both, and shall specify and define the premises (if any) in respect of which such certificate is granted or the mode of distribution.

7. No such certificate of registration shall be granted unless the local authority, after due enquiry and inspection, shall have approved of the premises, if any, together with all vehicles, apparatus, utensils and things used or intended to be used by the applicant in connection with the sale or manufacture, preparation, keeping, transmission or exposure for sale of products of milk, as suitable for the purpose for which they are used or intended to be used.

8. Every person registered as a manufacturer or vendor of products of milk as in the preceding regulations provided shall forthwith notify in writing the local authority of any change of address or alteration of any premises or in the manner of use thereof, specified in such certificate.

9. No person shall use or cause or suffer to be used in the manufacture or preparation of any product of milk any unsound or unwholesome milk or other ingredient, and no person shall sell or keep, transmit or expose for sale any product of milk in the manufacture or preparation of which any unsound or unwholesome milk or other ingredient has been used.

10. Any duly authorised officer of the local authority may prohibit any person in possession or charge of any product of milk which appears to such officer to be unsound or unwholesome or injurious or dangerous for human consumption from selling or disposing of the same for a reasonable time sufficient to admit of such product of milk being inspected and examined by the Health Officer or a medical practitioner duly authorised thereto by the local authority, and may direct the manner, place and custody in which such product of milk shall be kept pending such inspection and examination. The Health Officer or medical practitioner authorised as aforesaid shall be forthwith informed of such prohibition and shall inspect the product of milk as soon as may be, and shall within a reasonable time notify his decision to such person, provided that if in any case there shall be grounds for suspecting that such prohibition may not be effective, such officer may seize or remove or cause to be seized or removed any such product of milk for inspection and examination by the Health Officer, provided that wherever such article is so seized, he shall furnish the owner or person in charge with a receipt therefor.

11. If on inspection and examination the Health Officer or a medical practitioner duly authorised thereto by the local authority is satisfied that any product of milk intended for sale is unsound or unwholesome or injurious or dangerous for human consumption, he may, if the person in possession or charge of such product of milk consent in writing thereto, and irrespective of any penalty which may have been incurred for a contravention of these regulations, order the destruction or rendering unsaleable thereof in such manner and by such persons as he may direct. In the event of such consent being refused such officer or medical practitioner may seize or remove such product of milk or prohibit the person in possession or charge thereof from selling or disposing of the same, and may direct the manner, place and custody in which such product of milk shall be kept pending a decision by the Resident Magistrate or Special Justice of the Peace having jurisdiction within the district of the local authority as to the fitness for sale and the disposal of such product of milk.

12. When any product of milk is seized or removed or the person in possession or charge thereof prohibited from selling or disposing of the same as in the last preceding regulation provided, the Health Officer or medical prac-

tioner so doing shall forthwith make application to the Resident Magistrate or Special Justice of the Peace having jurisdiction within the district of the local authority for an order requiring such product of milk to be destroyed or rendered unsaleable, and shall inform the owner or person in possession or charge of such product of milk of the making of such application for the purpose of his being heard—if he so desire—in opposition thereto.

Every Resident Magistrate or Special Justice of the Peace to whom application has been made as aforesaid shall as soon as possible make enquiry regarding the same, obtaining such evidence as he may deem necessary, and, if satisfied from the evidence that any product of milk in respect of which such application has been made is unsound or unwholesome or injurious or dangerous for human consumption, shall, irrespective of any penalty, which may be inflicted for a contravention of these regulations, issue such order as he may deem necessary for the purpose of forthwith ensuring that such product of milk is destroyed or rendered unsaleable.

13. Any person prohibited as in the preceding regulations Nos. 10 and 11 provided, from selling or disposing of any product of milk, who shall during the period of such prohibition sell or otherwise dispose of any such product of milk or fail to carry out the directions of any duly authorised officer of the local authority regarding the manner, place and custody of the same, shall incur the maximum penalty provided for a contravention of these regulations.

14. No person shall keep any milk intended to be used in the manufacture or preparation of any product of milk intended for sale, or shall sell, or manufacture, prepare, keep, transmit or expose for sale any product of milk or cause or suffer any product of milk to be sold or manufactured, prepared, kept, deposited or exposed for sale in any shop, room, or other place used as a sleeping apartment or living room or as a sanitary convenience or directly communicating with any sleeping apartment or any sanitary convenience, or so situated or constructed that any sanitary convenience, cesspool, sewer or drain ventilates into it, or otherwise so situated or constructed or so used or kept as to be liable to render any product of milk contaminated or unwholesome or injurious or dangerous for human consumption.

15. No person suffering from any infectious or contagious disease, or who has been in contact with any person so suffering, but has not been thoroughly disinfected thereafter, and no person having any discharging ulcer or sore or whose person or clothing is not in a clean condition, shall, or shall be allowed to, handle any vessel, receptacle, measure, appliance or article used or intended to be used in connection with, or shall, or shall be allowed to, in any way take part or assist in the sale or manufacture, preparation, storage or transmission for sale of any product of milk.

16. Every person registered as a manufacturer or vendor of products of milk as in the preceding regulations provided shall conform to the following requirements, namely:

- (a) He shall cause every shop, room or other place used by him for or in connection with the sale or manufacture, preparation, keeping, deposition or exposure for sale of any product of milk and all things therein or used in connection therewith to be kept at all times free from any dirt, filth or other noxious matter or thing. He shall cause every such room, shop or other place to be sufficiently lighted by windows or openings in the walls or roof and to be at all times sufficiently ventilated by direct communication with the external air.
- (b) He shall not at any time keep or cause or suffer to be kept in any such shop, room or other place any dog, cat, pig or other animal, or any fowl, pigeon or other bird, save and except any cage-bird kept in a proper cage.
- (c) He shall cause every shop, room or other place used by him for or in connection with the manufacture or preparation for sale of any product of milk to be at all times provided with an adequate supply of good and wholesome water. Every receptacle in which any water may be stored in connection with any such shop, room or other place shall be constructed of non-absorbent materials suitable for the storage of water in a pure state and shall not communicate directly with any sanitary convenience, sewer, or drain, and shall be properly covered and ventilated and so placed that water stored therein shall not be liable to contamination by any noxious effluvia, matter or thing, and so as to be at all times easily accessible for inspection and cleansing. Every such receptacle shall be emptied

and thoroughly cleansed from time to time as often as may be necessary to prevent the pollution of any water that may be stored therein.

Should any such premises, utensil, article or vehicle be found in an unsatisfactory condition or not in accordance with the regulations, or any such person be found to be suffering from any infectious or contagious disease or his person or clothing to be found to be dirty or likely to be in an infectious state or so as to be liable to render any milk or product of milk contaminated, unwholesome, injurious or dangerous for human consumption, or should it be found that any contravention of these regulations is taking place, such certificate of registration may, irrespective of any penalty provided by or inflicted under these regulations, be withdrawn or cancelled or the renewal thereof refused by the local authority: provided that in every such case the reasons for such withdrawal, cancellation or refusal shall be forthwith specified and notified in writing by the local authority to the person concerned: and provided, further, that the local authority may annul such withdrawal, cancellation or refusal upon becoming satisfied that the premises, utensil, article or vehicle, as the case may be, has been made satisfactory and in accordance with these regulations, or that the person is no longer suffering from contagious or infectious disease or dirty or infectious in his person or liable to render any milk or product of milk contaminated or unwholesome or injurious or dangerous for human consumption.

18. Any milk or product of milk found in the possession of any person registered as a manufacturer or vendor of products of milk or in any shop, room or other place in the possession or occupation of any person so registered, shall be deemed to be intended for sale for human consumption, or, in the case of milk, for use as an ingredient of a product of milk intended for human consumption, until the contrary shall have been proved by such registered person.

19. 22. Any person guilty of a contravention of any of the foregoing regulations or any order lawfully made thereunder shall be liable, on conviction, to a penalty of not exceeding twenty pounds, or, in the case of a continuing offence, to a daily penalty not exceeding forty shillings, after written notice thereof from the local authority to such person.

E.

REGULATIONS UNDER SECTION 9, SUB-SECTION 5 (d), OF "THE PUBLIC HEALTH AMENDMENT ACT, 1897," FOR REGULATING THE TRADE IN FRUIT AND VEGETABLES OR ANY ARTICLE INTENDED FOR THE FOOD OF MAN.

1. *As regards the regulation of the sale and the collection, manufacture, preparation, keeping, transmission or exposure for sale of articles intended for the food of man.*

1. Throughout these regulations the term "Food" shall mean and include every article used as such by man, and every ingredient used in the preparation of human food.

2. No person shall use or cause or suffer to be used in the manufacture or preparation of any article intended for sale as food any diseased, unsound, unwholesome or injurious ingredient or thing, and no person shall sell, collect, manufacture, prepare, keep, transmit, or expose for sale any diseased, unsound, unwholesome or injurious article of food. In any prosecution hereunder the onus shall be on the accused to prove that the article was not intended for sale as food.

3. No person shall sell or manufacture, prepare, deposit, keep or expose for sale or cause or suffer to be sold or manufactured, prepared, deposited, kept or exposed for sale any food in any shop, room or other place used as a sleeping apartment or living room or as a sanitary convenience, or directly communicating with any sleeping apartment or any sanitary convenience, or so situated or constructed that any sanitary convenience, cesspool, sewer or drain ventilates into it, or otherwise so situated or constructed or so used or kept as to be liable to render any such article contaminated or unwholesome or injurious or dangerous for human consumption.

4. The occupier of every shop, room or other place used for the sale or manufacture, preparation, deposition, keeping or exposure for sale of any food shall conform to the following requirements, namely:—

(a) He shall cause such shop, room or other place and all things belonging thereto or kept or used therein or in connection therewith to be kept at all times in a clean condition and free from any dust, dirt, filth or other noxious matter or thing.

(b) He shall cause such shop, room or other place to be properly lighted by windows or openings in the walls or roof, and to be at all times sufficiently ventilated by direct communication with the external air: Provided, however, that this regulation shall not apply to places used solely for the storage of grain, or of articles of food in a preserved or frozen state or of such as would be liable to be injured by exposure to light or air.

(c) He shall cause such shop, room or other place to be at all times provided with a good and sufficient supply of water: Provided that this requirement shall not apply to places used solely for the sale or preparation, storage or exposure for sale of grain or other article of food of a nature such as to render a supply of water unnecessary. Every receptacle in which any water may be stored in connection with such shop, room or other place shall be constructed of non-absorbent material suitable for the storage of water in a pure state, and shall not communicate directly with any sanitary convenience, sewer or drain, and shall be properly covered and ventilated and so placed that water stored therein shall not be liable to contamination by any noxious effluvia, matter or thing, and so as to be at all times easily accessible for inspection and cleansing. Every such receptacle shall be emptied and thoroughly cleansed from time to time as often as may be necessary to prevent the pollution of any water that may be stored therein.

(d) He shall not at any time keep or cause or suffer to be kept in any such shop, room or other place, any dog, cat, pig or other animal, or any fowl, pigeon or other bird save and except any fowl, pigeon or other bird kept in a proper cage or coop and intended for immediate sale as food of man, or any cage-bird kept in a proper cage. Provided that the local authority may, with the previous consent of the Minister and by special resolution, relax or abandon, if necessity require it, any of the above requirements.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

5. Every person who shall sell or collect, manufacture, prepare, keep, transmit or expose for sale any article of food shall conform to the following requirements, namely:—

- (a) He shall cause every vessel, receptacle, measure and appliance used in connection therewith to be constructed of such materials and in such manner as to be easily cleansed and kept clean.
- (b) He shall cause every vessel, receptacle, measure and appliance used in connection therewith to be kept at all times in a clean condition.
- (c) He shall not use or cause or suffer any vessel, receptacle, measure, appliance or vehicle used in connection therewith to be used for any purpose liable to render any such article contaminated or unwholesome or injurious or dangerous for human consumption.
- (d) He shall not subject or cause or suffer to be subjected to unnecessary handling or contact with the body or clothing of any person any such article which may be liable to contamination thereby.
- (e) He shall cause every such article which may be of such a nature as to be liable to contamination by flies or by dust, dirt, filth, or other noxious matter or thing to be at all times properly and adequately protected from such contamination.

6. No person suffering from any infectious or contagious disorder or who has been in contact with any person so suffering, but has not been thoroughly disinfected thereafter, and no person having any discharging ulcer or sore or whose person or clothing is not in a clean condition shall, or shall be allowed to, handle any vessel, receptacle, measure or appliance used or intended to be used in connection with, or shall, or shall be allowed to, in any way take part or assist in the sale or collection, manufacture, preparation, deposition, keeping, transmission or exposure for sale of any food.

7. Any duly authorised officer of the local authority may prohibit any person in possession or charge of any food which appears to such officer to be diseased or unsound or unwholesome, injurious or dangerous for human consumption, from selling or disposing of the same for a reasonable time sufficient to admit of such food being inspected and examined by the Health Officer or a medical practitioner duly authorised thereto by the local authority, and may direct the manner, place and custody in which such food shall be kept pending such inspection and examination. The Health Officer or medical practitioner authorised as aforesaid shall be forthwith informed of such prohibition and shall inspect the food as soon as may be, and shall within a reasonable time notify his decision to such person: Provided that if in any case there shall be grounds for suspecting that such prohibition may not be effective, such officer may seize or remove, or cause to be seized or removed, any such food for inspection and examination by the Health Officer: provided that wherever such article is so seized, he shall furnish the owner or person in charge with a receipt therefor.

8. If on inspection and examination the Health Officer or a medical practitioner duly authorised thereto by the local authority is satisfied that any food intended for sale is diseased or unsound, or unwholesome, injurious or dangerous for human consumption, he may, if the person in possession or charge of such food consent in writing thereto and irrespective of any penalty which may have been incurred for a contravention of these regulations, order the destruction or rendering unsaleable thereof in such manner and by such persons as he may direct. In the event of such consent being refused such officer or medical practitioner may seize or remove such food or prohibit the person in possession or charge thereof from selling or disposing of the same and may direct the place and custody in which such food shall be kept pending a decision by the Resident Magistrate or Special Justice of the Peace having jurisdiction within the district of the local authority as to the fitness for sale and the disposal of such food.

9. When any food is seized or removed or the person in possession or charge thereof prohibited from selling or disposing of the same as in the last preceding regulation, the Health Officer or medical practitioner so doing shall forthwith make application to the Resident Magistrate or Special Justice of the Peace having jurisdiction within the district of the local authority for an order requiring such food to be destroyed or rendered unsaleable, and shall inform the owner or person in possession or charge of such food of the making of such application for the purpose of his being heard if he so desire—in opposition thereto.

Every Resident Magistrate or Special Justice of the Peace to whom application has been made as aforesaid shall, as soon as possible, make enquiry regarding the same, obtaining such evidence as he may deem necessary, and if satisfied from the evidence that any food in respect

of which such application has been made is diseased or unsound or unwholesome, injurious or dangerous for human consumption shall, irrespective of any penalty which may be inflicted for a contravention of these regulations, issue such order as he may deem necessary for the purpose of forthwith ensuring that such food is destroyed or rendered unsaleable.

10. Any person prohibited as in the preceding regulations, Nos. 7 and 8 provided, from selling or disposing of any food who shall during the period of such prohibition sell or otherwise dispose of any such food or fail to carry out the directions of any duly authorised officer of the local authority regarding the manner, place and custody of the same, shall incur the maximum penalty provided for a contravention of these regulations.

11. For the purposes of the foregoing regulations the onus of proof that any food was not intended for sale shall rest with the person in possession or charge thereof, and any food found in any receptacle, shop, room or other place or on any vehicle used for the sale or deposition, keeping, preparation, transmission or exposure for sale of food shall be deemed to be intended for sale until the contrary is proved.

11. Additional regulations regarding the manufacture or preparation for sale of aerated waters and similar drinks.

12. Throughout these regulations the term "Aerated Water" shall mean and include soda water, lemonade, ginger beer, ginger ale, hop beer and every similar beverage used by man.

13. The foregoing regulations, Nos. 1 to 11 inclusive, regarding food shall apply to aerated water, and to every person who shall sell or manufacture, prepare, deposit, keep, transmit or expose for sale any aerated water.

14. Every person using or intending to use any shop, room or other place for the purpose of manufacturing or preparing for sale aerated water shall forthwith give written notice thereof to the local authority.

15. Every person using any building or part of a building as a manufactory for aerated water intended for sale shall cause such manufactory to be provided with the following:—

- (b) Proper means of drainage, to be kept at all times in proper order and efficient action.
- (c) Suitable and sufficient sanitary convenience not communicating directly with or ventilating into such manufactory: such sanitary convenience to be kept at all times in a cleanly condition and in good order and repair: provided that the local authority may, with the previous consent of the Minister and by special resolution, relax or abandon, if necessity require it, any of the above requirements.

16. Every occupier of a manufactory for aerated water intended for sale shall conform to the following requirements, namely:—

- (a) He shall at all times maintain such manufactory and all things therein or used in connection therewith in good and sufficient order and repair.
- (b) He shall cause the floor of such manufactory to be thoroughly cleansed and all sweepings and refuse removed at least once a day, and shall provide and maintain in a cleanly state a sufficient number of suitable receptacles constructed of non-absorbent material for the reception and removal of refuse and waste matter, or shall otherwise provide to the satisfaction of the local authority for the removal of refuse and waste matter.
- (c) He shall cause every part of the ceiling or interior of the roof and of the walls of such manufactory to be thoroughly washed with hot linewash at least once in every six months, and at such other times as may be necessary: provided that this requirement shall not apply to such part of the ceiling, roof or walls as may be so painted or varnished or constructed or so covered with any material as to render lime washing unsuitable or inexpedient, and as may be otherwise properly cleansed.
- (d) He shall cause every bottle, vessel, or receptacle used in connection with the manufacture, preparation, storage or transmission for sale of aerated water, together with any cork, stopper, cover, lid or other loose part thereof likely or liable to come into contact with the contents of any such receptacle, to be thoroughly cleansed with steam or clean boiling water before use and from time to time as often as may be necessary to keep them in a thoroughly clean and wholesome condition.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

III. Additional regulations regarding the manufacture or preparation for sale of bread, confectionery or other similar articles.

17. Throughout these regulations the term "Bakehouse" shall mean and include any bakehouse, room or other place, together with the appurtenances thereto, in which bread, confectionery or other similar article intended for food is manufactured or prepared for sale.
18. Every person manufacturing or preparing bread, confectionery or other similar article intended for sale as food shall conform to all the requirements of the foregoing regulations numbered 1 to 11 inclusive, regarding the manufacture or preparation for sale of any article intended for food.
19. Every person using or intending to use any bakehouse for the purpose of manufacturing or preparing bread, confectionery or other similar article intended for sale as food shall forthwith give written notice thereof to the local authority.
20. Every person using any bakehouse for the purpose of manufacturing or preparing bread, confectionery or other similar article intended for sale as food shall cause such bakehouse to be provided with the following:—
 - (a) An even floor composed of cement or other hard, non-absorbent and easily-cleaned material.
 - (b) Suitable and sufficient sanitary convenience not communicating directly with or ventilating into such bakehouse; such sanitary convenience to be kept at all times in a cleanly condition and in good order and repair; provided that the local authority may, with the previous consent of the Minister and by special resolution, relax or abandon, if necessity require it, any of the above requirements.
21. Every occupier of a bakehouse shall conform to the following requirements:—
 - (a) He shall at all times maintain such bakehouse and all things therein or used in connection therewith in good and sufficient order and repair.
 - (b) He shall cause the floor of such bakehouse to be thoroughly cleansed and all sweepings or other

- refuse removed at least once a day, and shall provide and maintain in a cleanly state a sufficient number of suitable receptacles constructed of non-absorbent materials for the reception and removal of refuse and waste matter.
- (c) He shall cause every part of the ceiling or interior of the roof and of the walls of such bakehouse to be thoroughly washed with hot limewash at least once in every six months, and at such other times as may be necessary; provided that this requirement shall not apply to such part of the ceiling, roof or walls as may be so painted or varnished or constructed or so covered with any material as to render lime-washing unsuitable or inexpedient, and as may be otherwise properly cleansed.

IV. General.

22. The local authority shall cause frequent and systematic inspection to be made at reasonable times by its Health Officer, sanitary inspector, or other duly authorised officer, of all shops, rooms, bakehouses or other places in which any article intended for food is sold or manufactured, prepared, kept or exposed for sale, for the purpose of ascertaining whether such shop, room, bakehouse, or other place is maintained in accordance with the foregoing regulations or whether any contravention thereof is taking place.
23. The foregoing regulations shall be read as one with any bye-laws or regulations of the local authority at the time being lawfully in force regarding the sale or collection, manufacture, preparation, keeping, transmission or exposure for sale of any article intended for the food of man or regarding bakehouses, and not being repugnant to or inconsistent with these regulations.
24. Any person convicted of a contravention of any of the foregoing regulations shall be liable to a penalty not exceeding twenty pounds, and in the case of a continuing offence to a daily penalty not exceeding forty shillings after written notice thereof from the local authority to such person.

IT is hereby notified for general information that the subjoined amended conditions will apply after the 30th instant in the case of export fruit intended for inspection by the Government Fruit Inspector, and are in lieu of those contained in Government Notice No. 12* of the 7th instant, which is hereby cancelled. The object in amending the conditions originally framed is to extend the Government Brand to all good, sound fruit, not of small size.

It has been arranged that such inspection shall be carried out personally by Mr. R. J. BULMER or Mr. A. C. BULLER, or both. Exporters may be present at the inspection of their fruit.

Conditions.

Each intending exporter of fruit who wishes to avail himself of inspection by a Government officer (hereafter called the Inspector) at the Cape Town Docks, of all fruit which he proposes to export, must previously intimate to the Director of Agriculture, Cape Town, that he desires to do so, and accepts these conditions, stating at the same

time the distinctive mark which he will place on his fruit boxes, whereupon he will be informed that his name and address and distinctive mark have been registered, and his fruit will be accepted, from and after a stipulated date, by the Inspector for examination prior to shipment.

2. Any registered exporter of fruit who thereafter may wish to withdraw from such inspection can do so upon giving to the Director of Agriculture, Cape Town, seven clear days' notice of such intention.

3. Every box of fruit considered by the Inspector as suitable for export will be branded by him with the Cape of Good Hope Coat of Arms encircled by the words "Passed by Government Inspector," and for each consignment examined by him a charge at the rate of 1/6 per 40 cubic feet (less than 1d. per box) will be made to the exporter.

4. The disposal of boxes of fruit not passed and branded by the Inspector in terms of Condition 3, and for that reason desired not to be exported, must be arranged by the exporter with the Harbour Board. (Any fruit not passed by the Inspector and belonging to an exporter who has not indicated to the Harbour Board what steps he wishes to have taken with regard to such fruit, will be shipped to England without the Government brand.)

5. Every registered exporter must pay to the Harbour Board the charges for cold storage and make his own arrangements for the disposal of his fruit in Europe.

6. MINISTERIAL DIVISION OF SECRETARY FOR AGRICULTURE.

6. The size of box in which fruit is packed for export must be, for all classes of fruit, either 18 by 12 inches or 18 by 24 inches, the depth being optional.

7. Every box of fruit submitted for inspection

(a) Must be clearly marked by the exporter, on one end thereof, before inspection, with his registered mark, or his name or other means of identification, the variety and the number of fruits contained therein, and, except in the case of grapes, with the figure "1," as representing that the fruit is of the grade "Extra selected," or the figure "2," as representing that the fruit is of the grade "selected," or the figure "3," as representing that the fruit is of a lower grade than "selected," but not small. Each box intended for inspection should also bear the words "For Inspection."

(b) Must be consigned to The Dock Superintendent, Cape Town, and also bear the address of the agent appointed by him for disposal of his fruit in Europe.

8. All fruit, other than grapes, must be wrapped in tissue paper and may in addition be placed in wood wool. Grapes must be placed in wood wool and may also be wrapped in tissue paper.

9. All fruit, other than grapes, will be marked by the Inspector, "extra selected," or "selected," or "passed," according to its size; but no fruit considered unsuitable for export will be marked "passed."

10. All fruit must be of first rate quality, free from all blemishes affecting the appearance of the fruit, evenly graded and uniform in size, of the characteristic shape of its variety; and only one variety of fruit must be placed in a single box. Any box containing fruit which fails in any of these requirements or is of a variety specified hereunder as unsuitable for export will not receive the Government brand.

11. All fruit must arrive at the Harbour Board Cold Storage, Docks, Cape Town, not later than Sunday morning to permit of shipment by the steamer sailing on the following Wednesday, unless special arrangements have been made with the Union-Castle Steamship Company regarding cold storage by the exporter elsewhere than at the Docks; in which latter event the fruit must arrive at the Harbour Board Cold Storage in time for inspection, and must be accompanied by a certificate that it has been in cold storage for 48 hours prior to forwarding, and has been forwarded to the Harbour Board Cold Storage in refrigerator car.

12. The under-mentioned are the minimum sizes of fruit which will be marked by the Inspector as "extra selected" and "selected" respectively, and the varieties which will not receive the Government brand. Owing to shrinkage it is recommended that all stone fruits be graded $\frac{1}{4}$ inch larger than the sizes they are represented to be. (vide Condition 7 (a)).

No minimum size is fixed but the fruit must not be small.

Varieties ripening prior to Ribstone and Jonathan will not receive the Government brand.

Between THE MUNICIPALITY OF OUDTSHOORN, Plaintiff,
and BOOY MOOICHANG, Defendant.

PLAINTIFF'S INTENDIT.

1. The Plaintiff is the Municipal Council of the Municipality of Oudtshoorn, which is constituted under the Act 45 of 1882.
 2. The Defendant is BOOY MOOICHANG, and is sued by Edictal Citation.
 3. In virtue of the provisions of the Act No. 45 of 1882, the Plaintiff Council from time to time during the years 1903, 1904, 1905 and 1906 duly and lawfully assessed and levied certain landlords' or owners' and occupiers' rates upon rateable property situated within the Municipality of Oudtshoorn.
 4. The said rates became due and payable upon certain dates fixed by the Plaintiff Council, and it became and was the duty of all persons liable for such rates to pay the amount thereof to the Plaintiff Council.
 5. Among the rateable property so situated is a certain Erf being Lot XVII., whereof the Defendant was, during the years aforesaid, the owner and occupier, which said Erf was valued according to law for the purposes of such assessment and levy of rates as aforesaid during the aforesaid years.
 6. The Defendant became and is duly indebted to the Plaintiff Council under and by virtue of such assessments in the sum of £10 10s. 3d., being for owner's rates, general rates and occupier's rates on the said Erf.
 7. All things have happened, all conditions have been performed, and all times have elapsed necessary to entitle the Plaintiff Council to recover payment of the said sum of £10 10s. 3d., but the Defendant refuses to pay the same, or any part thereof, though requested so to do.
- Wherefore the Plaintiff Council claims
- (a) Judgment for the sum of £10 10s. 3d.
 - (b) Interest *a tempore morae*.
 - (c) Alternative relief.
 - (d) Costs of suit.

UITVOER VAN KAAPSCHE VRUCHTEN.

De condities betreffende het verbouwen, transport en verkoop van Kaapsche vruchten, hebben sedert langen tijd de ernstige aandacht van het Gouvernement bezig gehouden; en men heeft nu besloten dat, als een proefneming in het belang van de Vruchten Kweekers der Kolonie, het volgende schema in werking zal worden gebracht van en na 21 Januari 1907:—

Zendingen vruchten bestemd voor verschepping onder dit schema zullen worden in ontvangst genomen van boeren en anderen door de Statie Meester of Voormannen in Toezicht op alle staties en sidings (waar een beambte op dienst is) tusschen Laingsburg en Kaapstad (insluitende alle Westelijke Stelsel Tak Lijnen) en naar de Kaapstad Dokken gezonden worden onderworpen aan de voorwaarden hierna uiteenzet:—

1. Alle vruchten ontvangen van afzenders en verzonden door het Spoorweg Departement onder dit schema worden in ontvangst genomen door het Gouvernement op de uitdrukkelijke voorwaarde dat betaling daarvoor alleen zal worden gegeven aan den afzender na dat de opgave van de verkregen prijzen zijn ontvangen, n.m., na den verkoop van de vruchten in Groot Brittanje.

2. De spoorweg vrucht van zoodanig vruchten kan worden in rekening gebracht naar Kaapstad Dokken en zal op eene speciale rekening gedebiteerd worden die in het Thesaurie Departement wordt geopend.

3. Al zoodanige vruchten moeten door afzenders worden uitgezocht gesorteerd en gepakt overeenkomstig instructies uitgegeven door het Departement van Landbouw, waarvan exemplaren gaarne door alle Statie Meesters zullen worden gegeven.

4. Kisten voor het vervoer van deze vruchten moeten van de standaard grootte zijn en gemaakt overeenkomstig de specificaties voorgeschreven door het Gouvernement (zie instructies waarnaar is verwezen in Clause 3) anders zal de Statie Meester weigeren ze aan te nemen.

5. Regelingen worden nu gemaakt met hout handelaars om bondels hout te verschaffen voor het maken van vruchten kisten (niet minder dan 12) en de hout wol nodig voor verpakken. Zoodanige materialen kunnen worden besteld door tusschenkomst van den plaatselijken Statie Meester, die de bestelling onmiddellijk zal zenden naar den Superintendent van Landbouw Co-operatie, Kaapstad, wanneer zij zal worden uitgevoerd en de goederen verzonden en afgeleverd worden op het "Betaling bij Aflevering" Systeem. De prijzen van het hout zijn 3s. per doz. kisten en hout wol ongeveer 4s. per 25 lbs.

6. Op iedere kist vruchten moeten gestempeld zijn een onderscheidend merk, naam of letter (door den afzender te worden gekozen) welk merk geregistreerd zal worden door den Statie Meester op het afzendings station in een boek speciaal voor dat doel gehouden. Geene twee exporteurs mogen de zelfde merken gebruiken voor hunne kisten.

Patronen voor het brandmerken der kisten kunnen op de zelfde wijze verkregen worden als hout en hout wol, n.m., van den Superintendent van Landbouw Co-operatie door tusschenkomst van den plaatselijken Statie Meester tegen 2½d. per letter.

7. Speciale adres kaarten—welke altijd moeten worden gebruikt—zullen GRATIS door het Spoorweg Departement worden geleverd, en zij moeten nauwkeurig worden ingevuld en stevig vast gespijkerd worden op de kisten, deze kaarten dragen de woorden "Cape Fruit for export: highly perishable," en daarop is ruimte om naam van afzender en afzendings statie te schrijven.

8. Eene speciale zendingsbrief voor vruchten verzonden in verband met dit schema is gegeven geworden aan de voornaamste Stations en Sidings in Westelijke Provincie waar vruchten afgezonden worden. Op de achterzijde van deze zendingsbrief is ruimte gelaten voor den afzender om te verklaren, of indien zijne vruchten niet het Gouvernements merk ontvangen, zij toch naar Engeland moeten gezonden worden ongemerkt om plaatselijk verkocht worden: het moet echter verstaan worden dat dit op geene wijze hindert met de machten van den Inspekteur om ongeschikte vruchten af te wijzen. Vier Zendingsbrieven moeten worden uitgeschreven en geteekend door den afzender, te worden verdeeld als volgt:—Een te worden gegeven aan den afzender als een ontvangst bewijs voor de vruchten; een te worden gehouden door het afzendings station; een moet onmiddellijk per post gezonden worden aan den Superintendent-Generaal van Landbouw, Co-operatie, Parlement Straat, Kaapstad; en een moet worden

gezonden aan het Gouvernements Vruchten Inspekteur, Kaapstad Dokken, te zamen met de vruchtbrief.

9. De vruchten moeten worden geadresseerd en gezonden aan den Dok Superintendent, Kaapstad Dokken, bijzonderheden van de hoeveelheden gezonden worden getelegraficeerd door den Statie Meester aan den Vruchten Inspekteur, en Goederen Verkeer Superintendent, Kaapstad Dokken, zoo ook aan den Goederen Superintendent, Kaapstad Goederen Statie, bij afzending der vruchten—Statie Meesters moeten geene zendingen vruchten aannemen voor de Union-Castle Mailbooten tenzij de goederen Kaapstad kunnen bereiken niet later dan Zondag morgen vóór den datum van vertrek van zoodanige Stoombooten. Afzenders moeten er op letten dat zij nauwkeurige inlichting krijgen van de Statie Meesters aangaande trein regelingen zoodat zij instaat zijn te voldoen aan de Tafel Baai Haven Bestuur vereischten, welke bepalen dat alle vruchten voor verschepping in de Haven Bestuur Koelkamers moeten worden geplaatst en daar gehouden worden minstens 48 uur vóór dat zij verscheept worden.

De laatste treinen waarmee vruchten kunnen worden vervoerd naar de Kaapstad Dokken voor de Wekelijksche Mailboot zijn de "56 Up" goederentrein Zaterdags in geval van goederen van de Stellenbosch tak en de "66 Up" goederen van Touws Rivier op Zaterdagen in geval van goederen van de Hoofddlijn Staties.

Vruchten voor verschepping moeten per GOEDEREN TREIN gezonden worden om te vermijden dat zij tusschen Kaapstad passagiers statie en de Dokken over weg vervoerd worden.

10. Alle vruchten overeenkomstig de voorwaarden van dit schema verzonden zullen door den Gouvernements Vruchten Inspekteur worden onderzocht vóór zij worden gezonden naar Engeland, en de Inspekteur kan, naar zijn goedgevallen, kisten of zendingen geheel en al afkeuren waarvan de aard als nadeelig kan worden beschouwd voor den goeden naam van Kaapsche vruchten op Engelsche of Continentale markten.

11. Op iederen dag dat de boot vertrekt zal de Gouvernements Handels Agent op een bepaalden tijd in de Kaapstad Dokken tegenwoordig zijn om van den Gouvernements Vruchten Inspekteur bijzonderheden te ontvangen van alle vruchten gezonden naar Londen onder de voorafgaande voorwaarden.

12. De Handels Agent zal onmiddellijk aan den Superintendent van Landbouw Co-operatie opgaven in het bijzonder geven van al zoodanige vruchten, en een kabelgram zal onmiddellijk worden gezonden naar den Agent-Generaal in Londen, adviseerende overeenkomstig een vooraf bepaalde "Code," de hoeveelheden en algemeene beschrijving van de vruchten aldus verzonden.

13. Speciale regelingen zijn gemaakt tusschen het Gouvernement en de Union-Castle Stoomboot Maatschappij, zoodat vruchten onmiddellijk bij aankomst in Southampton worden overgenomen door den Handels Commissaris van het Kaapsche Gouvernement in Londen.

14. De Gouvernements Handels Agent in Kaapstad zal met iederen mailboot duplicaat vruchtbrieven zenden, gevende volledige bijzonderheden van iederen vruchten zending en zulke vruchtbrieven zullen de basis gemaakt worden van verdeling en collectie van verkoopprijzen in Engeland.

15. De Handels Commissaris in Londen zal alle vruchten ontvangen onder dit schema verzonden, en ze verdeelen onder de vruchten handelaars met wien hij in verbinding is gedurende den tijd verloopende tusschen de ontvangst van het adviseerende kabelgram en de vruchten zelve.

16. De Handels Commissaris in Londen zal tegen iedere zending, vrucht berekenen en kosten van distributie en het saldo zal door tusschenkomst van den Agent-Generaal worden gezonden op credit van de Speciale Thesaurie Rekening voor dit doel geopend, en de Superintendent van Landbouw Co-operatie zal door het Postkantoor aan alle afzenders de respektievelijk bedragen zenden aan hen betaalbaar voor hunne vruchten. Voor zoo ver als mogelijk zal een rapport gezonden worden over den aard van iedere zending met het geld samen.

Tot dusverre is de uitvoer handel van vruchten uitsluitend beperkt tot de Westelijke Provincie, en het is natuurlijk duidelijk dat onder de voorwaarden van dit schema vruchten voor export in kleine hoeveelheden slechts korte afstanden kunnen vervoerd worden. Zouden er echter groote hoeveelheden vruchten worden aangeboden van de Middellandsche en Oostelijke deelen der Kolonie, dan zal het Gouvernement de raadszaamheid overwegen om dergelijke regelingen te treffen in de havens van Oost Londen en Port Elizabeth als thans zijn gemaakt in Kaapstad.

Het moet verstaan worden dat aan dit voorstel effect wordt gegeven door het Gouvernement om vruchten kultuur aan te moedigen en meer hedendaagsche methoden in het pakken en verzenden; en in ieder distrikt waar aanzienlijke hoeveelheden worden verbouwd, wordt er sterk aangeraden dat Co-operatieve Vereenigingen worden opgericht door welker tusschenkomst veel grootere volmaaktheid en economie kan worden verkregen.

[97.]

[1907.]

Office of the Chief Conservator of Forests,
Cape Town, 26th January, 1907.

PARTICULARS as scheduled below regarding the South African School of Forestry are herewith published for general information. This Notice is in lieu of that published as No. 1,383, dated the 21st December, 1905.

J. STORR LISTER,
Chief Conservator of Forests.

INTRODUCTORY.

The South African School of Forestry has been established at Tokai by the Government of the Cape of Good Hope. The first Session commenced on the 27th February, 1906.

The following Prospectus is issued for the information of persons desirous of admission.

The Secretary for Agriculture reserves the right to revise or change any of the provisions herein contained as may from time to time appear to be necessary.

1. Purpose of the School.

The South African School of Forestry has been established for the purpose of providing instruction in Forestry with special reference to South African conditions. The courses of study are arranged to qualify candidates for the Forestry Branch of the Civil Service of the several South African Colonies.

The number of appointments offered each year varies according to the requirements of the Forest Service. The exact number offered for each year will be duly advertised prior to the holding of the Entrance Examination.

2. Organisation.

The teaching, management and discipline of the School shall be under a Board consisting of :—

- Two members of the Staff of Lecturers appointed by Government.
- Two members of the Staff of the South African College.

(c) Two members nominated by the Council of any College from which Lecturers are drawn.

(d) Three members nominated by the Secretary for Agriculture at his discretion, one of whom shall be the officer in charge of the Western Conservancy (or the latter's representative), who is *ex officio* Chairman of the Board. The Chairman presiding at any meeting at which the votes of the members are equal shall have a casting vote in addition to his original vote.

Any resolution of the Board dealing with the teaching, management or discipline of the School must receive the approval of the Secretary for Agriculture before it can be put into effect.

3. Equipment.

The long-established Forest Estate at Tokai has been selected as the Headquarters of the Forest School. Suitable buildings, which provide accommodation for at least ten resident students, have been erected, together with a Reading Room, Forest Library and Museum.

The extensive forests, containing a great variety of trees in all stages of development, both at Tokai and throughout the Cape Peninsula, offer unique opportunities for instruction.

The laboratories of the South African College have been placed at the disposal of the Forest School for instruction in the various allied subjects, the Government, however, reserve the right to make similar arrangements with any other suitably situated and equipped College.

4. Conditions of Admission to the Forest School.

Applications for admission to the South African School of Forestry must be addressed to the Chairman of the Board of Management on or before the 15th January in each year.

Candidates must have fulfilled the following conditions before admission can be granted :—

- They must hold a certificate of having passed the Entrance Examination; exceptions to this condition are explained in paragraph 6.
- They must submit a medical certificate of health and a certificate of good conduct.
- Candidates judged by the Board to possess these qualifications will be required to pay the fees for the first term before being admitted into residence, and in advance for every subsequent term.

6. MINISTERIAL DIVISION OF SECRETARY FOR AGRICULTURE.

5. Entrance Examination.

The Entrance Examination will be held in November or December of each year, beginning in 1907. Candidates for this examination must register their names with the Chairman of the Managing Board not later than the 15th October of the year in which they propose to take the examination.

Every candidate registering his name for this examination for the first time must pay a fee of three pounds (£3). If the candidate withdraw or fail to present himself at the examination, or fail to pass it, the fee will not be returned to him, but he will be entitled to present himself at any subsequent Entrance Examinations on payment of an additional fee of £1 (one pound) each time his name is registered.

The subjects of the Entrance Examination are:—

The *Trigonometry* is that prescribed for the compulsory examination in mathematics.

Until arrangements have been made with the University authorities for conducting this examination, it will be carried on by the Board of Management, at such centres as will best suit the convenience of candidates.

Candidates who wish to prepare for the Entrance Examination may obtain additional information on application to the Chairman of the Board of Management.

6. Exemption from Entrance Examination.

- The Board will exempt from the Entrance Examination any candidate who has passed an examination which in its opinion is of equivalent value. Candidates will be excused the Entrance Examination if they have passed the Intermediate Examination of the University of the Cape of Good Hope, and have gained not less than 20 per cent. of the marks in any four of the subjects: Botany, Chemistry, Geology, Physics and Zoology.
- The Chief Conservator of Forests of the Colony of the Cape of Good Hope, the Governments of the Transvaal, Orange River Colony, Natal and Rhodesia may nominate for training, at the South African School of Forestry, any Forest Officer or Forest employee of their respective Colonies or Governments, provided such Forest Officer or employee has the necessary qualifications to profit by the course, and, in the case of Cape Colony, provided such Officer or employee has served for a period of not less than three years.
- Any person may be admitted to a part of the course provided the Board of Management is satisfied as to his ability to profit by such part of the course, and such person may go into residence at Tokai, provided accommodation is available. Persons who do not become resident, and are admitted only to certain subjects of study will be required to pay the fees which may be fixed by the Board in each special case in consideration of the extent of their studies.
- Persons admitted to the School under the two preceding paragraphs (b) and (c) will not be eligible for the Diploma, but in other respects they will have the same privileges and will be subject to the same discipline and rules as the regular students. Class certificates may, however, be awarded by the Lecturers whose classes have been attended.

No individual or company shall be allowed to purchase more than two (2) Building Lots or two (2) Arable Lots, nor to sell any of the lots so purchased to any one who is already the holder of two Building Lots or two Arable Lots.

Each Lot will be put up at the upset price fixed, and the highest bidder who shall have offered not less than such upset price shall be declared the purchaser, and every such purchaser shall have the option of paying either the whole or a part of the purchase money on the day of sale: Provided:

- (i) That if no payment be made on the day of sale one-tenth of the purchase price shall be paid at six and one-tenth at twelve months from the day of sale.
- (ii) That if less than one-tenth of the purchase price be paid on the day of sale, the balance of such one-tenth shall be paid at the expiration of six months, and the remaining one-tenth at the expiration of twelve months from the day of sale.
- (iii) That if the amount paid on the day of sale be one-tenth or any sum between one-tenth and one-fifth of the purchase price, the balance of one-fifth of the purchase price shall be paid at the expiration of twelve months from the day of sale.
- (iv) In cases where the purchase-money is less than twenty-five pounds, the whole amount shall be paid in cash, or in equal instalments extending over a period of three years.

Interest on the instalments above mentioned shall be paid at the rate of four per centum per annum; and the payment of the instalments, together with the interest thereon, shall be secured on the day of sale by two good and sufficient sureties to the satisfaction of the Civil Commissioner, which sureties will bind themselves in regard to such payment as sureties in *solidum* and co-principal debtors, renouncing the exceptions of excussion and division.

If the purchaser or his sureties fail, or are unable to make the necessary payments of purchase money as above

within the stipulated time, it shall be competent for the Government to cancel the sale, and all payments already made in respect of such sale shall be forfeited to the Government.

The expenses of Survey on each Lot, and of the Title Deed, viz., 12s. 3d., shall be paid to the Civil Commissioner or other duly authorised person in that behalf, on the day of sale.

If the purchaser be desirous of holding the balance of the purchase money on mortgage as above, he will be required to pass the bond within thirteen (13) calendar months from the day of sale, failing which, a fine of one shilling will be imposed for every day allowed to pass beyond it, up to eighteen months from the date of sale, after which, should such failure still continue, the balance of the purchase money, with interest thereon, and the amount of the fine, if any, so imposed, shall forthwith become due and payable, and shall be recoverable in any competent court of law without further notice, and if not paid within one month after the date of judgment, the sale shall become null and void, and payments already made in respect thereof shall be forfeited to the Government.

The General Plan and Conditions of Sale may be seen at the Surveyor-General's Office, Cape Town, and at the Office of the Civil Commissioner, Calvinia.

To the Sheriff of the Colony of the Cape of Good Hope, or his lawful Deputy.

GREETING!

WHEREAS upon the Petition of ROBERT WILLIAM ERNEST HERBERT MALING, of Matatiele, it appears to us that Carl Muller, formerly of Matatiele, herein-after styled "the said Defendant," is truly and lawfully indebted to the said Petitioner in the sum of £83 6s. 8d. sterling, together with interest thereon at the rate of 6 per centum per annum from the 30th December, 1905, being an instalment of the purchase price of a one-third share of Erf No. 1, Block XII., in the Village of Matatiele, with the buildings and erections thereon; and whereas it further appears to us that the said Defendant left Matatiele on or about the 31st day of January, 1906, and has left this Colony, and that his present whereabouts are unknown; and that the said Defendant has departed from this Colony with the intent to defeat or delay his creditors in obtaining payment of their debts; and that in consequence thereof the said Defendant has committed an act of insolvency; and that the said Petitioner has no security for the amount of his debt.

Whereupon the Petitioner prayed that the Estate of the said Carl Muller might be sequestrated for the benefit of the creditors thereof. And whereas it further appears to us of record that the Honourable William Musgrove Hopley, one of the Judges of the Supreme Court of Our said Colony, did, by an order under his hand, bearing date the 18th day of January, 1907, place the Estate of the said Carl Muller under sequestration in the hands of the Master of the Supreme Court until the same should be thereafter adjudged to be sequestrated.

Now, therefore, we command you that you summon the said Carl Muller, of Matatiele, that he appear before Our Judges of Our Supreme Court of Our said Colony, at Cape Town, on Tuesday, the 12th day of March, 1907, at 10.30 o'clock in the forenoon, to show cause, if any, why his Estate should not, by sentence of the said Supreme Court, be adjudged to be sequestrated for the benefit of his creditors; and serve on the said Carl Muller a copy of this Summons, and return you this Summons immediately after the service thereof, with whatsoever you have done thereupon.

Witness:—The Right Honourable Sir John Henry de Villiers, K.C.M.G., Our Chief Justice of Our said Colony, at Cape Town, the 22nd day of January, 1907, in the Seventh Year of Our Reign.

INSPECTIE VAN EXPORT VRUCHTEN.

HIERMEDE wordt ter algemeene kennisname gepubliceerd dat de onderstaande geamendeerde bepalingen, toepasselijk zijn na den 30sten dezer in het geval van export vruchten die door den Gouvernements Vruchten Inspekteur moeten worden geïnspekteerd, en in de plaats zullen worden gesteld van diegenen die vervat zijn in Gouvernementskennisgeving No. 12* van den 7den dezer, welke mits deze wordt ingetrokken. Het doel van de oorspronkelijk gemaakte Regulaties te amendeeren is om het Gouvernements merk te geven aan alle goede, onbeschadigde vruchten, die niet klein zijn.

Zoodanige inspectie zal persoonlijk worden gehouden door den heer R. J. Bulmer of den heer A. C. Buller of door beide. Afzenders van vruchten mogen bij de inspectie aanwezig zijn.

Voorwaarden.

1. Iedereen die voornemens is vruchten te exporteeren en die gebruik wenschte te maken van de inspectie door een Gouvernements beambte (hierna genoemd de inspecteur) in de Kaapstad Dokken, van alle vruchten die hij wenschte te exporteeren, moet vooraf aan den Direkteur van Landbouw, Kaapstad, bekend maken dat hij zulks wenschte en deze voorwaarden aanneemt, tegelijkertijd meldende het merk dat hij op zijne vruchten kisten zet; waarop hem zal worden medegedeeld dat zijn naam, en adres en merk zijn geregistreerd en zijne vruchten zullen worden aangenomen, van en na een gegeven datum, door den Inspekteur voor onderzoek vóór verschepping.

2. Eenige geregistreerde exporteur van vruchten die zich wenschte terug te trekken van zoodanige inspectie kan zulks doen door aan den Direkteur van Landbouw, Kaapstad, zeven volle dagen vooraf van zijn voornemen kennis te geven.

3. Iedere kist vruchten die door den Inspekteur geschikt voor export beschouwd wordt, zal door hem worden gemerkt met het Wapen van de Kaap de Goede Hoop met de woorden "Goedgekeurd door Gouvernements Inspekteur," en voor iedere zending door hem onderzocht zal 1/6 per 40 vierkante voeten (minder dan 1/2 d. per kist) betaald worden door den exporteur.

4. De exporteur moet regeling maken met het Haven Bestuur, aangaande kisten vruchten die niet gepasseerd en gemerkt zijn door den Inspekteur, overeenkomstig Voorwaarde 3, en om die reden niet wenschelijk geacht dat zij geëxporteerd worden. (Vruchten niet goedgekeurd door den Inspekteur en behorende aan een exporteur die het Haven Bestuur geen last heeft gegeven wat te doen met zoodanige vruchten, zullen naar Engeland worden verscheept zonder het Gouvernements merk.)

5. Iedere geregistreerde exporteur moet aan het Haven Bestuur de koelkamer onkosten betalen en zijn eigen regelingen maken voor het verkoopen van zijn vruchten in Europa.

6. De grootte van de kisten waarin vruchten voor export zijn verpakt, moet voor alle soorten vruchten zijn hetzij 18 bij 12 duim of 18 bij 24 duim, de hoogte is onverschillig.

7. Iedere kist vruchten voor onderzoek gezonden

(a) Moet duidelijk worden gemerkt door den exporteur vóór zij wordt geïnspekteerd *aan één kant daarvan*, met zijn geregistreerde merk of zijn naam of andere middelen waardoor zij kunnen worden erkend, de soort en het getal vruchten daarin vervat, en behalve in het geval van druiven met het cijfer "1" voor vruchten van de "Extra Selected" kwaliteit of het cijfer "2" als aanwijzende dat de vruchten van de kwaliteit "Selected" zijn, of het cijfer "3" als aantoonende dat de vruchten van een mindere kwaliteit zijn dan "Selected," maar niet klein. Iedere kist voor inspectie bestemd moet de woorden dragen "For Inspection."

(b) Moet worden geadresseerd aan den Dok Superintendent, Kaapstad, en ook het adres hebben van den agent door hem aangesteld om zijn vruchten in Europa te verkoopen.

8. Alle vruchten, behalve druiven, moeten in zijden papier worden gewikkeld en kunnen bovendien in hout wol worden gepakt. Druiven moeten in hout wol gelegd en kunnen ook in zijden papier gewikkeld worden.

9. Alle vruchten, andere dan druiven, zullen worden gemerkt door den Inspekteur "Extra Selected" en "Selected" of "Passed" naar mate van grootte; maar geen vruchten ongeschikt geacht voor export zullen als "passed" gemerkt worden.

10. Alle vruchten moeten van eerste klas kwaliteit zijn,

vrij van alles wat het aanzien der vrucht bederft, gelijkmatig gesorteerd, en van dezelfde grootte, met de bekende vorm van de soort; en slechts éene soort vrucht mag in een enkele kist gepakt worden. Eenige kist die vruchten bevat welke niet voldoen aan deze vereischten of welke van een soort zijn hieronder vermeld als ongeschikt voor export, zal niet met het Gouvernements merk gestempeld worden.

11. Alle vruchten moeten in de Haven Bestuur Koelkamers, Dokken, Kaapstad, aankomen niet later dan Zondag morgen als zij met den stoomboot den volgende Woensdag moeten worden verzonden, tenzij speciale regelingen zijn gemaakt met de Union-Castle Stoomboot Maatschappij betreffende koelkamer bewaring door den exporteur elders dan in de Dokken; in welk laatste geval de vruchten in de Haven Bestuur Koelkamers tijdig voor inspectie moeten aankomen, en vergezeld zijn van een certificaat dat zij 48 uur vóór verzending in koelkamers zijn geweest en verzonden zijn naar de Haven Bestuur Koelkamers in verkoelings wagons.

12. Nagenoemd zijn de minimum grootten van vruchten die door den Inspekteur zullen worden gemerkt als "Extra Selected" en "Selected" respectievelijk, en de soort die het Gouvernements merk niet ontvangen. Wegens krimpen wordt aangeraden alle steenvruchten 1/2 duim groter af te meten dan opgegeven is (*vide* Voorwaarden 7 (a).)

4. Gouvernements landmeters, bezig met het opmeten van Kroon of anderen grond met hunne assistenten en bedienden, zullen ter alle tijde recht van toegang hebben, tot alle deelen van den verhuuren grond voor professionele doeleinden.

9. De huurder zal de pacht niet overdragen noch den grond of eenig deel daarvan onder-verhuren, of eenige gebouwen of opstallen daarop, zonder dat eerst de schriftelijke vergunning der Regeering verkregen is.

10. De huurder mag geen grond, klippen, grint, enz., of ander dergelijk materiaal wegnemen of verkoopen van het area door hem gepacht zonder de toestemming van het Gouvernement eerst is verkregen.

12. De Regeering behoudt zichzelf het recht voor om het aantal personen te beperken, die op den hierbij verhuurden grond mogen wonen gedurende het bestaan van de pacht, en om, op aanbeveling van den Afdeeling Raad, na behoorlijk onderzoek ingesteld met medeweten van den huurder, hetzij zoodanig aantal personen te verwijderen als zij te veel moge oordeelen, of de pacht nietig te verklaren als haar billijk onder de omstandigheden moge voorkomen.

24. No public accountant or accounting officer shall open any public or official account in any bank without the authority, in writing, of the Treasurer; and neither the Treasurer nor any bank shall permit any public accountant or accounting officer to have an overdraft on any public or official account.

25. On the death, resignation or removal of any public accountant or accounting officer, the balances remaining at the credit of his public or official account at any bank shall, upon the appointment of his successor, vest in, and be transferred to the public or official account of such successor at the said bank; and on the death, bankruptcy or insolvency of any public accountant or accounting officer, such balances shall not constitute assets of his estate or be in any manner subject to the control of his legal representative, assignee or trustee.

PART IV.

ACCOUNTING OFFICERS AND COLLECTION OF MONEYS.

(1) *Accounting Officers.*

26. The Governor shall appoint the officers and departments who shall be charged with the duty of making and accounting for the expenditure of any vote or provision by loan Act, and such officers are declared to be accounting officers.

Provided that no sub-division of a vote between two accounting officers shall in any case be permitted.

27. The Governor shall further appoint officers who shall be responsible for the duty of receiving and disbursing moneys on behalf of deposit accounts for which the Treasurer is responsible, and these officers are also declared to be accounting officers.

28. Every accounting officer shall be subject to the provisions of this Act and the regulations, and shall perform such duties, keep such books, and render such accounts as are prescribed by this Act or by the regulations.

(2) *Collection of Public Moneys.*

29. All persons entrusted with the collection, custody, and receipt of moneys belonging to the Public Revenue or other accounts or funds of the Colony, shall dispose of the said sums at such times and in such a manner, whether by deposit in the bank or otherwise, as may be directed by regulations, and shall furnish such accounts and information concerning their transactions as may be prescribed in regulations.

PART V.

PAYMENT OF MONEYS.

(1).—*Payment out of Revenue.*

30. After the passing of the annual Appropriation Act, or of any Act covering Supplementary or Additional Estimates or Unauthorised Expenditure, a copy of the said Act, together with a copy of any estimates referred to therein, shall be forwarded by the Treasurer to the Auditor, who shall thereupon notify to the several Ministers respectively the sums authorised by Parliament for expenditure by the several departments under each Minister. And such sums shall be issued on the requisitions, on the form prescribed by the regulations, of the Minister, or the Speaker of the House of Assembly charged with such expenditure so far as the said requisitions shall have been approved by the Treasurer and the Auditor, provided that no such sums shall be issued except to an accounting officer.

31. Every appropriation out of the Consolidated Revenue Fund for the services of any financial year, shall be taken as covering sums which may actually have come in course of payment within the same period, save that in order to secure a substantial agreement between the expenditure accounts of the Railway Department as kept from a cash and from a liability point of view, it shall be lawful for the Governor to direct, should he see fit, that the expenditure cash accounts of that Department for each month and for any financial year, may be kept open for not more than twenty days after the close of such month or financial year, to admit of claims which have become due and payable in such month or year, as the case may be, being paid and brought to charge in the accounts of the same.

32. Every appropriation out of the Consolidated Revenue Fund for the service of any financial year shall lapse and cease to have any effect for any purpose at the close of that year, except in regard to the Railway accounts, for twenty days after the expiration of the said year as specially provided in the previous section; and any balance of such appropriation which may then be unapplied, shall be written off and cease to be a liability of the Consolidated Revenue Fund for that year, and the accounts of the year shall then be closed.

33. If the exigencies of the Public Service render it necessary to alter the proportions assigned to the particular items comprised under one vote, it shall be lawful for the Minister charged with such expenditure to authorise the use of surpluses on items in a sub-vote to cover deficits on items in the same sub-vote, or, when there are no sub-votes, the use of surpluses to cover deficits for items which are not incongruous: Provided that no surplus on a sub-vote shall be made available for expenditure on another sub-vote, or any surplus in a vote which has no sub-votes, for expenditure of an incongruous kind under the same vote without the authorisation of the Treasurer; and, in the latter event, the said Treasurer's approval, upon a form prescribed in the

Regulations, shall be forwarded to the Auditor in order that the amount may be duly transferred as though the estimates had originally shown the figures as so modified, and that the facts may be reported by him to Parliament, provided further that on no account shall any salary grants be supplemented from savings under any other items.

(2).—*Payment out of Loans Moneys.*

34. After the passing of any Loan Expenditure Act a copy of the said Act shall be forwarded by the Treasurer to the Auditor, who shall thereupon notify to the several Ministers respectively the sums authorised by Parliament for expenditure by the several departments under each Minister after the moneys required have been actually borrowed.

35. Any moneys borrowed under the authority of any Loan Act, whether passed before or after the commencement of this Act, other than loans to cover deficits in revenue, may be applied for and towards the purpose of the loans services specified in such Acts, on requisition of the Minister in charge of such expenditure, approved by the Treasurer and Auditor :

Provided that nothing in this section shall authorise the application for or towards any such loans services of any larger sum of money than is by the Loan Act authorising such service expressly appropriated or set apart therefor :

Provided further that it shall be lawful for the Auditor, on the application of the Treasurer, to approve of the temporary use for one purpose of moneys borrowed for another purpose, provided authority to borrow money for the former purpose has been granted by Parliament, but not at the time exercised or of the temporary use of surplus revenue in the same manner.

(3).—*Mode of Payment.*

36. (1) No moneys shall be drawn from the Consolidated Revenue Account, except under the authority of an Act of Parliament, or out of a special deposit account, except for the purposes of such account and under such authority as may be applicable to its constitution.

(2) No moneys shall be drawn from any public account except in the manner herein provided or in accordance with regulations.

37. All requisitions against funds provided by Parliament for expenditure shall be in a form prescribed by regulations and shall be submitted in the first instance to the Treasurer, who is empowered by this Act to reduce or refuse any amounts so requisitioned for when he considers that the financial conditions of the Colony render it necessary to restrict or postpone expenditure ; and the Auditor shall in no case authorise the issue of more than the sum approved by the Treasurer.

38. (1) Upon receipt of an advice from the Auditor that a credit upon requisition has been authorised to him, an accounting officer, either personally or through his authorised agents, may forthwith issue drafts or charges upon the proper accounts, in form prescribed by the regulations, for the payment of the services or purposes mentioned in the said requisition.

(2) The amounts of such drafts or charges shall not collectively exceed the amount for which credits have been authorised.

(3) Such drafts or charges shall be sufficient authority to any bank on which they are drawn and in which the said accounts are kept to debit the accounts respectively with the respective amounts mentioned in the said drafts or charges.

(4) Every accounting officer in whose favour a credit has been established under this section shall, at such times as the regulations may direct, transmit to the Auditor accounts or abstracts duly vouching for his several payments from such a credit.

39. (1) No accounting officer or public accountant shall pay any account unless :—

(a) He has ascertained that the provisions of this Act and of the regulations relating to payment of accounts have been complied with ; and

(b) The payment of the account has been authorised by the responsible Minister of his Department or by some officer appointed by such Minister in that behalf : Provided that in the latter case the officer shall not authorise payments to an amount greater than that specified by the Minister appointing him.

(2) No Minister or person appointed by him as aforesaid shall authorise the payment of an account unless he has ascertained that the payment is authorised by law or has been sanctioned by the Treasurer under Sec. 37 of this Act, and, if chargeable against the Consolidated Revenue Fund or on an Expenditure Act, is covered by Parliamentary appropriation.

(3) The correctness of every account in regard to computations, castings, rates of charge, and the faithful performance of services shall be certified by the officer incurring the expense, except in so far as the Auditor shall have satisfied himself on these points before payment is made.

40. Every accounting officer or public accountant shall, at the time of paying an account, obtain such acquittance for the amount paid as may be prescribed in the regulations.

PART VI.

AUDIT AND INSPECTION.

41. The manager or person in charge of any bank keeping any account under this Act shall keep a pass book showing the debit and credit sides of each such account, and shall furnish the same to the Treasurer or to each accounting officer, as often as required.

42. The Auditor on receipt by him of the necessary accounts, vouchers, documents and returns required by regulations to be furnished to him by accounting officers or public accountants, shall inquire into and audit the accounts of all such persons as are entrusted with the collection, custody, receipt, payment or issue of public moneys, and shall—

- (a) Compare the entries in the cash book or cash account with the supporting vouchers and documents and also with the bank pass book ;
- (b) Ascertain whether such vouchers and documents bear upon the face of them the correct description of the proper heads of receipt or expenditure to which the moneys mentioned therein have been credited or debited ;
- (c) Ascertain whether the moneys mentioned on the debit side of the cash book or account have been duly paid to the several bank accounts authorised by the Treasurer, and whether the sums mentioned on the credit side of the cash book or account have been actually and duly disbursed under competent authority, and on the prescribed certificates ;
- (d) Ascertain whether the moneys mentioned in the entries in the cash book or account have been credited or debited to the proper heads of receipt or expenditure ;
- (e) Ascertain whether the rates, computations and castings are correct or duly certified to by responsible departmental officers ;
- (f) Ascertain whether such moneys were legally available for, and applicable to, the services or purposes to which the same have been applied or charged ;
- (g) Ascertain whether the provisions of this Act, and of any other Act, and of the regulations have been in all respects complied with.

43. (1) The Auditor shall make such queries and observations addressed to the Treasurer, or to any accounting officer or public accountant or other officer in the Public Service in any way concerned with the receipt or payment of public moneys, and call for such accounts, vouchers, statements, documents and explanations, as he may think necessary.

Every such query and observation addressed to any such accounting officer or officers shall, within fourteen days after its receipt, be returned to the Auditor by such accounting officer or officers with the necessary reply or memorandum thereon.

(2) After such queries and observations have been answered, and after such accounts, vouchers, statements, documents, and explanations have been rendered, the Auditor shall allow and discharge and grant an acquittance to such accounting officer or officers as aforesaid, for all receipts which are found correct, and for all payments duly and properly made and supported by proper receipts or vouchers.

(3) Every such acquittance shall be in such form as prescribed in the regulations as may be applicable to the case, or to the like effect, and shall be a full and complete discharge as to the several moneys mentioned therein :

Provided that in respect of any of the foregoing operations prescribed in sections forty-two and forty-three, the Auditor, after satisfying himself that the Accounts bear evidence that the vouchers have been completely checked, examined and certified as correct in every respect, and that they have been allowed and passed by the proper departmental officers, may admit the same as satisfactory evidence of payment in support of the charges to which they may relate.

44. (1) If it appears to the Auditor from any examination, audit or inspection made by him, or by any person appointed by him—

- (a) That any accounting officer or public accountant has wilfully or negligently omitted to collect or receive any money ; or
- (b) That any money has not been duly credited to the proper head of revenue or account, or has not been duly accounted for and paid over to an authorised account ; or
- (c) That any money has been applied or charged to any service or purpose for which the same was not legally available or applicable ; or
- (d) That any expenditure has not been duly authorised, or has not been duly vouched or certified ; or
- (e) That there has been any deficiency or loss through the fraud, mistake, default, or error of any person ; or
- (f) That any account, voucher, statement, document, or explanation in the last preceding section referred to is in any essential particular defective or imperfect ; or
- (g) That any material error has been committed ; or
- (h) That any of the provisions of this Act or any other Act, or the regulations have not been complied with ;

the Auditor shall, as soon as the said accounts, vouchers, statements, documents, or explanations have been examined by him, surcharge any accounting officer, or public accountant, or officer certifying accounts, or person in any way concerned with the receipt or payment of public moneys who appears to him to be in default, with any deficiency or loss, or with any expenditure which has not been duly authorised, vouched or certified, and disallow the same, and he shall give written notice of such surcharge to such accounting officer, public accountant, officer, or person, stating the time within which such surcharge must be satisfied.

(2) All surcharges unsatisfied in the time allowed by the Auditor shall be transmitted by him to the Treasurer to be by him enforced against the accounting officer, public accountant, officer, or person surcharged.

(3) The Auditor may at any time revoke any surcharge or disallowance by him under this section which has been made in error.

45. Whenever the Treasurer has received notice of an unsatisfied surcharge, he shall, unless such surcharge shall have been previously satisfied or withdrawn, send notice in writing of such surcharge to the accounting officer, public accountant, or person surcharged, and take such measures or proceedings as the case may require, to recover the amount thereof; and no amount payable to, or claimed by, such accounting officer, public accountant, officer, or person from the Crown shall be paid until such surcharge has been satisfied; and the amount of every such surcharge may be sued for and recovered on behalf of His Majesty by action, in the name of the Treasurer, as a debt, in any competent court of jurisdiction.

Provided always that unless the Treasurer shall otherwise direct, not more than one-fourth of the amount of salary due monthly to any officer so surcharged shall be kept back under this section.

46. In all cases in which an accounting officer, public accountant, officer, or person may be dissatisfied with any surcharge made against him by the Auditor, such accounting officer, public accountant, officer, or person shall have a right of appeal to the Treasurer, who, after such further investigation as he may consider equitable, whether by *virâ voce* examination or otherwise, may make such order.

- (a) Either partially or wholly confirming such surcharge, or partially or wholly suspending its operation pending submission of the case to Parliament, and the Auditor shall govern himself accordingly.
- (b) Provided that whenever such suspension of a surcharge is granted, a Governor's Warrant upon the Contingencies Account for the amount in question shall be applied for simultaneously.

47. (1) The Auditor may, whenever he thinks fit, and shall also (if possible) once at least in every year, make or cause to be made an inspection, examination and audit in respect of the books and accounts of every accounting officer and every public accountant, other than sub-collectors of revenue who pay in to collectors; and for the purpose of such inspection, examination, and audit he shall :—

- (a) Ascertain whether the whole of the revenue and public moneys have been duly collected and accounted for in pursuance of this Act, or any other Act, and whether the moneys received under any credit in pursuance of this Act have been duly and properly paid to the persons entitled to receive the same ;
 - (b) Investigate and examine all contracts, accounts, invoices, books, bills of parcels, vouchers relating to the Public Service, and all documents relating to, or concerning the same, and all circumstances affecting or attending the making of any such contracts ;
 - (c) Once at least in every year (if possible) inspect and examine, or cause to be inspected or examined, all stores under the control of the State of whatsoever nature or description the same may be, and shall cause stock thereof to be taken ;
 - (d) Ascertain, or cause to be ascertained, the quantity, description, and price of all stores under the control of the State, and of all stores supplied for the use of departments of the Public Service, and whether any such stores are, in his opinion, in excess of reasonable requirements ; and
 - (e) Examine, or cause to be examined, whether the proper quantities of such stores are remaining in stock in the proper store or building.
- (2) The Auditor shall, in his Annual Report to Parliament hereafter referred to, report the general result of such inspections and examinations.

48. No sum shall be allowed in any account to have been duly received or paid without the production of a voucher for the actual receipt or payment of the same :

Provided that the Treasurer, on satisfactory evidence being produced that the requisite papers have been lost or destroyed, or that it is not possible to obtain or replace them, may order that any such sum be allowed or disallowed, as the case may be, and may make such order in the premises as he thinks fit, and such order shall be binding on all parties concerned and be acted on accordingly.

49. (1) When a voucher produced for a sum of money disbursed is defective for the want of any certificate or other document which ought to have accompanied it, or in any other particular, the Auditor may, upon proof being made to his satisfaction that the accounting officer did not wilfully neglect to procure or produce such certificate or document, and that the sum specified in the voucher has been actually and properly disbursed, admit such voucher as a sufficient discharge and allow the amount of the same.

(2) The Auditor may admit and allow vouchers for any moneys expressed therein, although the same are not stamped according to law, in cases in which it appears to him to be lawful or expedient so to do.

50. The Governor may exempt from detailed audit by the Auditor, but not from an appropriation audit by him, the accounts of receipt and expenditure of any department, the peculiar duties, constitution, or services of which may render such exemption expedient :

Provided that a statement as to such exemption shall be laid before the House of Assembly, if Parliament is then sitting, within seven days after such exemption has been made as aforesaid, and if Parliament is not sitting, then seven days after the next meeting of Parliament.

51. The provisions of this Act, except as mentioned in Section 17 (b), shall not apply or extend to the audit or control of the Accounts and Appropriations of the House of Assembly, and of the Joint Parliamentary expenses of both Houses of Parliament ; and the audit by the Speaker of the accounts of all payments and receipts in reference to all matters affecting the service of the House of Assembly and of Joint Parliamentary expenses shall be continued as heretofore anything in this Act to the contrary notwithstanding.

52. The examination and audit by the Treasurer and Auditor-General of the wards' book and accounts in the office of the Master of the Supreme Court, prescribed by section 35 of Ordinance No. 105 of 1833, shall hereafter cease, and the audit of the said books and accounts shall be entrusted to the Auditor under this Act, who shall certify annually to the excess moneys to credit of the Guardian's Fund over the total due to persons and estates with whom and with which accounts have been opened in the wards' books : and notwithstanding anything to the contrary in the second section of the Sinking Fund Extension Act, No. 12 of 1900, the cost of such audit, as assessed by the Auditor, shall be a first charge against surplus interest and lapsed funds arising from the operation of the Guardian's Fund.

PART VII.

THE PUBLIC ACCOUNTS AND STATEMENTS.

53. The Auditor shall cause in every year an account of the receipts and expenditure of the Colony for the financial year ended 30th June preceding to be prepared ; and the said account, together with the report of the Auditor thereon, shall be laid before the House of Assembly by the Treasurer on or before the 31st of March in the following year if Parliament be then sitting, and if not sitting, then within one week after Parliament shall be next assembled.

54. On or before the 30th of September in every year accounts of the appropriation of the several supply grants comprised in the Appropriation Act of each year shall be prepared by the several accounting officers, and be transmitted for examination to the Auditor ; and when certified and reported upon as hereinafter directed, they shall be laid before Parliament, and such accounts shall be called the "Appropriation Accounts" of the moneys expended for the services to which they relate ; and the Auditor shall certify and report on such accounts as hereinafter directed, and the report thereon shall be signed by the Auditor ;

Provided always, and it is the intention of this Act, that the Governor shall direct that the department charged with the expenditure of any vote under the authority of the Governor shall prepare the appropriation account thereof.

55. An appropriation account of supply grants shall exhibit on the charge side thereof the sum or sums appropriated by Parliament for the service of the financial year to which the account relates ; and on the discharge side thereof, the sum which may actually have come in course of payment within the same period, and no advance of the application of which an account may not have been rendered to, or allowed by, the accounting department, shall be included on the discharge side thereof.

56. The department charged with the duty of preparing the appropriation account of a grant, shall, if required so to do by the Auditor, transmit to him, together with the annual appropriation account of such grant, a balance sheet so prepared as to show the debtor and creditor balances in the ledgers of such department on the day when the said appropriation account was closed, and to verify the balances appearing upon the annual appropriation account :

Provided always that the Auditor may, if he thinks fit, require the said department to transmit to him, in lieu of such balance sheet, a certified statement showing the actual disposition of the balances appearing upon the annual appropriation account on the last day of the period of such account.

57. Every appropriation account when rendered to the Auditor shall be accompanied by an explanation showing how the balance or balances on the grant or grants included in the previous account have been adjusted, and shall also contain an explanatory statement of any surplus or excess of expenditure over the grant or grants included in such account, and such statements, as well as the appropriation accounts, shall be signed by the accounting officer.

58. Every appropriation account shall be examined and reported on by the Auditor on behalf of Parliament, and in the examination of such accounts, the Auditor shall, subject to the proviso to section forty-three (3) hereof, ascertain, first, whether the payments which the accounting department has charged to the grants are supported by vouchers or proofs of payments, and, second, whether the money expended has been applied to the purpose or purposes for which such grant was intended to provide ; and in reporting on such accounts, he shall call attention to every case in which it may appear to him that a grant has been exceeded, or that money received by a department from other sources than the grants for the year to which the account relates, has not been applied or accounted for according to the directions of Parliament, or that a sum charged against a grant is not supported by proof of payment, or that a payment so charged did not occur within the period of the account, or was for any other reason not properly charged against the grant.

59. The Auditor may, in such annual report or in any special report which he may at any time think fit to make, recommend any plans and make any suggestions for the better collection and payment of the public moneys, and for more effectually and economically auditing and examining the public accounts and stores, and may generally report upon all matters relating to the public accounts, moneys and stores.

60. If the Treasurer shall not, within the time prescribed by this Act, present to Parliament any report made by the Auditor on any of the appropriation accounts, or the annual account of revenue and expenditure, the Auditor shall forthwith transmit such report to the Speaker of the House of Assembly to be by him presented to the said House.

61. As soon as any interest on, or any debentures or stock forming part of, the public debt of the Colony or any contribution towards the gradual extinction of such debt by annual drawings, becomes due and payable, the amount so due shall be paid into a separate deposit account and audited by the Auditor, and shall forthwith become a final charge to the vote entitled "Public Debt," anything in the preceding sections of this Act notwithstanding.

62. All interest on the public debt of the Colony, and all debentures and stock which may thus become due and payable, shall, when actually paid or redeemed, be charged together with the expenses of annual drawings, to the aforesaid deposit account.

PART VIII.

MISCELLANEOUS AND SUPPLEMENTAL.

(1) Moneys Outside the Colony.

63. The Auditor may make such regulations, not inconsistent with the provisions of this Act, as he considers necessary for the collection, receipt, custody, issue, expenditure, due accounting for, care, and management outside Cape Colony of any public moneys, and for the keeping of books and accounts and furnishing statements, returns, and vouchers relating to such collection, receipt, custody, issue, expenditure, accounting for, care, and management, and for the examination, inspection, record and audit of such books, accounts, statements, returns and vouchers: provided that all such regulations shall be approved by the Governor previous to the issue thereof and upon being so approved shall have the force of law, and the same shall be laid upon the Table of both Houses of Parliament within seven days after the beginning of the Session of Parliament next ensuing.

(2) Funds for the Contingencies Account.

64. Inasmuch as no fund has been created to meet any warrants issued by the Governor under the provisions of the Contingencies Account Act No. 14 of 1892, it shall be lawful for the Governor, subject to the Auditor certifying that there is an insufficiency of funds in the Exchequer to meet such warrants, to raise, by way of temporary loan, in such manner as may seem to him to be most expedient, an amount equivalent to the amount of such warrants. Notwithstanding anything to the contrary in any law, the Contingency Account Act, 1892, shall in respect of the aggregate amount of issues advanced on behalf of liabilities incurred on emergency without the previous authority of Parliament be read and construed as if the words one hundred thousand pounds in the second, third and fourth sections were omitted therefrom and the words three hundred thousand pounds inserted in their stead.

(3) Penalties.

65. (1) Any accounting officer or person subject to the provisions of this Act who—

- (a) Applies, disposes of, or makes use of any moneys or stores which have come into his possession, or are under his control by reason or virtue of his office, service or employment, otherwise than as provided in this Act or the regulations; or
- (b) Pays any such moneys into his private account at any bank,

shall be deemed to have converted such moneys or stores to his private use, and shall be liable upon conviction before any competent Court to imprisonment for a term, with or without hard labour, not exceeding three years.

(2) Any such accounting officer or person who wilfully damages or destroys any such stores shall be liable to imprisonment for a term not exceeding six months.

66. (1) When the Treasurer has given a certificate in writing under his hand declaring that for any reason mentioned in such certificate any document subscribed by any person should be accepted in lieu of any statutory declaration required by this Act or the regulations, the Governor may order that any document so subscribed shall be so accepted in lieu of such declaration.

(2) Any person who wilfully and corruptly makes and subscribes any such document, knowing the same to be untrue in any particular, shall be liable after conviction before any competent Court to imprisonment for a period not exceeding one year with or without hard labour.

67. Any person who is guilty of any wilful act of commission or omission contrary to any of the provisions of this Act, for which no penalty is expressly provided, shall be liable to a penalty not exceeding fifty pounds.

68. Any person who wilfully destroys mutilates or alters any document, voucher, receipt, order or other paper with the object of deceiving, misleading or withholding information from the Treasurer, Auditor or any person acting under their directions shall be liable upon conviction before any competent Court to imprisonment for a period not exceeding one year with or without hard labour.

69. All penalties incurred under this Act may, in addition to any other method of recovery provided in this Act, be imposed and recovered after inquiry by the Treasurer either generally or for the purpose of any particular case, and when paid or recovered, shall be paid into the Consolidated Revenue Account.

70. (1) The Auditor is hereby authorised to make from time to time such regulations, not inconsistent with the provisions of this Act, as may appear to be necessary and expedient for the purposes of this Act and to enable him to exercise and perform the powers, authorities, and duties hereby imposed upon him, provided that all such regulations shall be approved by the Governor previous to the issue thereof, and upon being so approved, shall have the force of law, and the same shall be laid upon the table of both Houses of Parliament within seven days after the beginning of the session of Parliament next ensuing.

71. This Act may be cited for all purposes as the "Audit Act, 1906."

Treasury, Cape Town,
Cape of Good Hope, 1st February, 1907.

[1907.]

HIS Excellency the Governor, with the advice of the Executive Council, has been pleased to approve of the following Regulations, framed by the Controller and Auditor-General under the seventieth section of the Audit Act No. 14 of 1906, to come into operation forthwith. All Regulations issued under the previous Audit Acts which may be repugnant to, or inconsistent with, the following Regulations are hereby cancelled.

W. A. COLLARD,
Assistant Treasurer.

DEFINITIONS.

1. These regulations shall be construed with reference to the terms and interpretations of the Audit Act No. 14 of 1906, which Act is referred to hereunder as "The Act."

In these Regulations :—

All Civil Commissioners are styled "Receivers of Revenue" and such Magistrates and Assistant Magistrates as may be specially authorised by the Treasury to discharge similar duties in respect of Revenue. Such Receivers of Revenue are ordinarily also Divisional Paymasters and as such the agents of the Paymaster-General and of the Accounting Officers, but the Treasury may authorise some other officer to be Divisional Paymaster at any station in lieu of or in addition to the Divisional Receiver. The Agent-General of the Colony, in England, is styled "Receiver of Revenue."

All other persons by whom Revenues are collected are styled "Collectors" or "Sub-Collectors" of Revenue.

All accounts kept and rendered by Receivers of Revenue are regarded as included in, and their aggregate styled the "Exchequer Account of the Colony."

Such officers of the several departments as are charged with the duty of keeping accounts of the total receipts under certain heads of revenue are styled the "Accounting officers" for the Revenue in question.

The Assistant Treasurer is the Paymaster-General of the Colony, and as such is regarded as the banker of all expenditure accounting officers.

EXCHEQUER ACCOUNT.

2. The following (and no other) claims may be paid direct out of Revenue collections before they are carried.

as required by section 16 of the Act, to the credit of the Exchequer Account of the Colony in the Bank :—

- (a) The shares of fines payable to informers under sundry Ordinances and Acts.
- (b) Expenses on sale of Government property (not being Crown Lands) or of unclaimed stock or of unclaimed property.
- (c) Penalties and forfeitures recovered under any Act relating to the Customs (of these two-thirds, or at least one-half, of what remains, after deducting the charges of prosecution and sale, are carried to Revenue and the balances paid to such persons as the Governor may direct). *Act 10 of 1872, Sec. 72.*
- (d) The amount of any judgment, under the eighth section of the Stock and Produce Theft Repression Consolidation Acts No. 35 of 1893 and 7 of 1905. *Sec. 8 of Act 35 of 1893.*
- (e) Interest on value of engines hired from other administrations, and refunds of overcharges or overpayments made in error to Railway officers for the conveyance of passengers, live stock, or goods, or for the hire of houses, rolling stock, tarpaulins, ropes or chains.
- (f) In cases in which, where through the error of a Railway officer or a member of the public, passengers, live stock, or goods, having been conveyed to the wrong station, the Railway Department may think it right on general principles to issue tickets, waybills, or invoices for the conveyance of such passengers, live stock, or goods gratis, or at less than the ordinary fares or rates to the proper station and to treat the cases as if the full additional fare or rate had been actually paid and had been refunded in whole or in part.
- (g) Moneys not claimable by the public Revenue, collected by the Railway Department or the Postmaster-General on behalf of another Colony, State, Company, or private person. (In such cases the amount due may be deducted from the collections as soon as the exact amount has been ascertained, or the collections may be paid into the Exchequer and the adjustment made by the Auditor's Transfer Warrant.)
- (h) Refunds authorised by warrant on the form G.P.O. 62 (or other similar form which may be in use) of overcharges by any postmaster under the head of "Unpaid postage."
- (i) Amounts paid for the repetition of cable messages whensoever the messages are found to have been incorrectly transmitted and the fees paid by means of postage stamps on Savings Bank certificates and emergency warrants but due to the Post Office Savings Bank Interest Account.
- (j) Small over-deposits not exceeding £1. in the Exchequer, which the Controller and Auditor-General

may have specially authorised to be adjusted by subsequent equal under-deposits.

(k) Refunds in cash in adjustment of errors in measurement of wood, and any percentages allowed to purchasers of whole sections of timber in the public forests of the Colony.

(l) Upon the payment of British or Colonial postal notes, the value of any postage stamps placed thereon and consequently due to the Postal Order Account.

3. The above regulation shall equally apply in regard to similar claims at non-banking stations where they may be paid direct out of Revenue collections before such collections are carried into the Exchequer chest of the Receiver of Revenue concerned.

4. In all cases covered by the two immediately preceding regulations in which only a portion of the amounts collected is accounted for as Revenue, the disposal of the remainder must be supported by the receipt of the person or persons entitled to receive the same.

5. Should it appear to the Controller and Auditor-General in the course of audit that any moneys belonging to an account kept by the Paymaster-General have been improperly or inadvertently lodged in the Exchequer, he may grant a transfer warrant transferring such amounts to the proper account in the Postmaster-General's books, advising the accounting officer concerned and the officer responsible for the error in question.

6. The whole of each instalment received in connection with the repayment of Local Works, School, Irrigation, Agricultural Distillers and Farmers' Co-operative Loans shall be carried direct to the respective Deposit Accounts and the obligation to pay over to the Exchequer, as soon as may be, in accordance with section 16 of the Act, shall rest upon the accounting officer for the said Deposit Accounts.

7. All receivers, collectors of Revenue and sub-collectors of Revenue (other than postmasters whose collections pass through the Postmaster-General's Deposit Account before reaching the Exchequer) who, being at stations where there are branches of the Standard Bank have been authorised by the Treasurer to make deposits to the credit of the Exchequer in such bank in accordance with section 16 of the Act, shall make such deposits daily when their collections amount to £5 or more, except on the day on which their monthly accounts are closed when any amount, however small, must be deposited.

*8. For every deposit so made the bank will grant receipts, in duplicate, marked "Exchequer Account" of which one, forming the counterfoil, must be retained by the depositor and the other posted or sent without fail the same day addressed to "The Controller and Auditor-General, Cape Town," except in regard to deposits by sub-collectors of Railway Revenue, when such duplicate receipts shall be transmitted without fail by first uptrain to the "Collector of Railway Revenue, Cape Town."

*9. Proper Deposit Receipt Books marked "Exchequer Account," with folios consecutively numbered, will be furnished by the Controller and Auditor-General to all officers authorised or directed by the Treasurer to make deposits, except that in the case of sub-collectors of Railway Revenue such books will be forwarded through the Collector of Railway Revenue.

10. Notwithstanding the provisions of the sixteenth section of the Act requiring the deposit of certain collection to the credit of the Exchequer Account, no moneys may be deposited in the Exchequer except by officers authorised or directed by the Treasurer so to do.

11. Receivers of Revenue stationed where there is no branch or agency of the Standard Bank shall keep all such moneys as are referred to in the sixteenth section of the Act, received or collected by them, in their own custody, subject to their being entitled to make authorised payments therefrom on behalf of expenditure accounting officers, the amount of such payments being refunded to the Exchequer by the Paymaster-General at the close of each month, and subject to any instructions which they may receive from the Treasury, to remit Exchequer sums to some other Receiver of Revenue at a banking station.

12. An under-deposit in the Exchequer may be corrected by subsequent over-deposit, but an over-deposit must be reported to the Controller and Auditor-General and may only be adjusted by him or under his authority under regulation 2 (j).

REQUISITIONS FOR FUNDS.

13. Each accounting officer shall prepare a requisition, in duplicate, on the form C.A. 2, under section 17 of the Act, at the commencement of each month (or whenever otherwise necessary) stating the sum he estimates will be required by him for expenditure under each Sub-vote or Loan Act Service, the dates upon which such sums are required, the available balance against which he is re-

quisitioning and, as regards the total, what portion of the sum is required for expenditure in England and what for expenditure in the Colony. After approval by the Treasury, and being passed by the Auditor, the sums required in the Colony shall be placed to his credit in the Treasury pass book, the amounts estimated as required in England being earmarked in the books of the Exchequer Account and so much of them as may prove to be actually required being issued upon the receipt of the Agent-General's accounts showing the expenditure which has taken place on his behalf.

14. No expenditure shall on any account take place in connection with such requisitions until the accounting officer has received advice from the Controller and Auditor-General that the requisition has been approved and passed.

15. All sums specially directed to be paid under the authority of any Act of Parliament and not requiring to be voted by Parliament, shall be requisitioned for exactly as though they had been provided for by a Loan Act.

16. No money issued for one service shall be used for another, except with the approval of the Treasurer or the Minister, as the case may be, as provided by section 33 of the Act.

17. Whensoever, owing to an excess of Post Office Savings Bank withdrawals over deposits or to the necessity for any change in investments, it becomes necessary to withdraw moneys from the Exchequer Account belonging to the Post Office Savings Bank, the Sinking Funds, the Pensions Fund Deposit Account or the Guarantee Fund under sections 21 and 23 of the Act, or when moneys are required from the Exchequer Account, under section 4 of Act 14 of 1892, for purposes of the Contingencies Account, requisitions, upon the form C.A. 2 modified as required, shall be submitted by the Treasurer and the same rules shall apply as to requisitions against Votes or Loan Acts.

REQUISITIONS FOR APPROPRIATIONS IN AID.

18. Whensoever moneys which have been received into the Exchequer as appropriations in aid shall be required for expenditure under the Vote, the accounting officer for the vote concerned shall prepare a requisition, in duplicate, on the form C.A. 1, under section 17 of the Act, stating the Vote or Act, the Sub-vote or Service, the amount of the receipts of which he has been advised to date, the amount already obtained on requisition and the amount for which he is applying; and after such requisition has been approved by the Minister of the Department, it shall be forwarded to the Treasurer and thereafter be dealt with in a similar manner to requisitions against Votes or Loan Acts, referred to in regulations 13 and 14. It must, however be borne in mind that no issue from the Exchequer can be authorised for appropriations in aid in excess of the sum mentioned in the Estimates attached to the Appropriation Act passed by Parliament, unless it can be clearly shown, to the satisfaction of the Controller and Auditor-General, that any increase in the receipts over the estimate has distinct relation to the increased expenditure, the one being consequent upon the other. This will not, however, prevent the full amount of such receipts being credited to the Vote in the Appropriation Account although they have not been available for increased expenditure.

CAPE OF GOOD HOPE.

A C T

TO

Amend and Extend the Provisions of Act No. 27 of 1893, entitled the "Animal Diseases Act, 1893."

[Assented to 16th August, 1906.]

BE it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:—

1. The "Animal Diseases Act, 1893," shall be read and construed as if the provisions of the third, fourth, fifth, sixth, seventh, eleventh, twelfth, and thirteenth sections thereof, regarding the importation, quarantine and removal of animals applied *mutatis mutandis* to articles or things which either by contact with such animals or through any other means are or have been rendered capable of carrying the infection or contagion of disease amongst animals.

2. Notwithstanding anything to the contrary contained in Part II. of the said Act, it shall be lawful for the Minister, in the event of any animal being found affected with the disease of lungsickness, the diseases of glanders and farcy, or the disease of Tuberculosis, to perform any of the following acts, that is to say:

(a) In the case of Lungsickness:

- (1) To cause the immediate destruction of the animal or animals found infected by the Board convened under section nine of the said Act, compensation being payable to the owner of an amount equal to one-half of the value of the animal before infection, such compensation to be assessed by the said Board and in no case to exceed forty pounds sterling for any one animal.
- (2) To cause all animals which have been in contact with infected animals and are liable to be infected to be inoculated or drenched under the supervision of a Government Veterinary Surgeon or other Officer thereto specially authorised in writing by the Minister, or other competent person authorised by the Board constituted under section nine of the said Act, and to be isolated under quarantine.

(b) In the case of Glanders or Farcy:

- (1) To cause the immediate destruction of the animal or animals found by the Board convened under section nine of the said Act to be visibly infected, compensation being payable to the owner of an amount not exceeding one-third of the value of the animal before infection, such compensation to be assessed by the said Board, and in no case to exceed £25 sterling for any one animal.
- (2) To cause all animals which have been in contact with infected animals, and are liable to be infected, to be tested with *mallein* by or under the supervision of a Government Veterinary Surgeon or other Officer thereto specially authorised in writing by the Minister, and to be isolated under quarantine.
- (3) Any of the incontact animals that react to the *mallein* test must be isolated under quarantine and destroyed on developing the disease in visible form.

(c) In the case of Tuberculosis:

- (1) To cause the immediate destruction or permanent isolation under quarantine of the animal or animals found by the Board convened under section nine of said Act to be visibly infected, compensation being payable to the owner for animals so destroyed of an amount not exceeding one-fourth of the value of the animal before infection, such compensation to be assessed by the said Board, and in no case to exceed £15 sterling for any one animal.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

- (2) To cause all animals which have been in contact with infected animals, and are liable to be infected, to be tested with *tuberculin* by or under the supervision of a Government Veterinary Surgeon or other Officer thereto specially authorised in writing by the Minister, and to be isolated under quarantine.

3. The eleventh section of Act No. 27 of 1893 is hereby repealed and the following provisions substituted in lieu thereof:—

Whenever it shall be proved to the satisfaction of any Resident Magistrate or any Government Veterinary Surgeon that any animal within the district is affected with any infectious disease, it shall be lawful for such Magistrate or any Government Veterinary Surgeon or other Officer thereto specially authorised in writing by the Minister upon notice to the occupier of the land on which such animal is, to declare such land or any portion thereof an infected area, and to prohibit the removal of any such animal as may be named in such notice from the land so declared an infected area for such period to be prescribed by the Minister as will enable the Governor, if he thinks fit, to issue the proclamation referred to in the next succeeding section, and such notice shall be published in some newspaper circulating in the district, and a copy thereof shall be posted at the Office of the Resident Magistrate, and from and after such notice and prohibition and during such period the owner of any such animal in such infected area, who shall allow any such animal to stray or be removed into any uninfected area, shall be guilty of an offence against the provisions of this Act and liable to the penalties prescribed for the contravention of the same.

4. It shall be lawful for the Governor, whenever he shall be satisfied that it is expedient to do so in order to prevent the spread of any infectious or contagious disease amongst animals to make, by Proclamation to be published in the *Gazette*, rules and regulations for all or any of the following purposes, that is to say:—

- (a) To prohibit or regulate the movement of persons and the removal of any article or thing whatsoever into the Colony from any place beyond the Colony, in respect of which there shall have been issued any Proclamation under the provisions of section five of Act No. 27 of 1893.

Provided that in the case of lungsickness, glanders and tuberculosis, no restriction shall be placed on the movement of persons.

And the Governor may, by Proclamation, provide for penalties for the contravention of any Regulation made under the provisions of this Act, which shall not exceed twenty-five pounds sterling for any one penalty, or, in default of payment of such penalty to imprisonment, with or without hard labour, for a period not exceeding three months, and any person contravening any such Regulation shall be liable to a penalty not exceeding twenty-five pounds sterling, or, in default of payment, to imprisonment with or without hard labour for a period not exceeding three months.

5. It shall be lawful for the Minister or any Officer thereto duly authorised by him in writing to enter at all reasonable times any land or premises for the purpose of carrying out all or any of the provisions of this Act.

6. It shall be lawful for the Minister or Officer thereto duly authorised by him in writing to enter upon land being private property, being a suitable place pointed out to such officer by the owner or occupier, and to take temporary possession of such land for the purpose of quarantining animals under the provisions of this Act, and stamping out any contagious or infectious disease; and, for such temporary occupation and for any loss or damage resulting therefrom, there shall be paid to the proprietor such compensation as shall be mutually agreed upon, or, failing such agreement, as shall be determined by arbitration in accordance with the "Lands and Arbitrations Clauses Act, 1882."

7. The term "animal" shall, for purposes of this Act and Act No. 27 of 1893, include such animals as are from time to time proclaimed to be animals for the purpose of the said Acts.

8. This Act may be cited for all purposes as "The Animal Diseases Act Amendment Act, 1906," and shall be read as one with the "Animal Diseases Act, 1893."
